CONTRACTOR CERTIFICATIONS

County Tazewell
 Local Public Agency City of Pekin
 Section Number _____
 Route Court St.

The certifications hereinafter made by the bidder are each a material representation of fact upon which reliance is placed should the Department enter into the contract with the bidder.

1. **Debt Delinquency.** The bidder or contractor or subcontractor, respectively, certifies that it is not delinquent in the payment of any tax administered by the Department of Revenue unless the individual or other entity is contesting, in accordance with the procedures established by the appropriate revenue Act, its liability for the tax or the amount of tax. Making a false statement voids the contract and allows the Department to recover all amounts paid to the individual or entity under the contract in a civil action.

2. **Bid-Rigging or Bid Rotating.** The bidder or contractor or subcontractor, respectively, certifies that it is not barred from contracting with the Department by reason of a violation of either 720 ILCS 5/33E-3 or 720 ILCS 5/33E-4.

A violation of Section 33E-3 would be represented by a conviction of the crime of bid-rigging which, in addition to Class 3 felony sentencing, provides that any person convicted of this offense or any similar offense of any state or the United States which contains the same elements as this offense shall be barred for 5 years from the date of conviction from contracting with any unit of State or local government. No corporation shall be barred from contracting with any unit of State or local government as a result of a conviction under this Section of any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent in behalf of the corporation.

A violation of Section 33E-4 would be represented by a conviction of the crime of bid-rotating which, in addition to Class 2 felony sentencing, provides that any person convicted of this offense or any similar offense of any state or the United States which contains the same elements as this offense shall be permanently barred from contracting with any unit of State or local government. No corporation shall be barred from contracting with any unit of State or local government as a result of conviction under this Section of any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent in behalf of the corporation.

3. **Bribery.** The bidder or contractor or subcontractor, respectively, certifies that it has not been convicted of bribery or attempting to bribe an officer or employee of the State of Illinois or any unit of local government, nor has the firm made an admission of guilt of such conduct which is a matter of record, nor has an official, agent, or employee of the firm committed bribery or attempted bribery on behalf of the firm and pursuant to the direction or authorization of a responsible official of the firm.
4. **Interim Suspension or Suspension.** The bidder or contractor or subcontractor, respectively, certifies that it is not currently under a suspension as defined in Subpart I of Title 44 Subtitle A Chapter III Part 6 of the Illinois Administrative Code. Furthermore, if suspended prior to completion of this work, the contract or contracts executed for the completion of this work may be cancelled.

City of Pekin

Department of Public Works

SUMMARY OF WORK

The City of Pekin is accepting bids to install a new doghouse manhole, new storm sewer, and new inlets along with pavement and sidewalk removal and replacement.

Project shall be substantially complete by October 2, 2020 unless extension granted by the City Engineer due to weather restrictions.

All questions can be directed to Josie Esker at (309) 478-5399 or Lorri Winchester at (309) 478-5348.

SCOPE OF WORK

It is understood and agreed that the quantities mentioned herein for unit price items are only approximate and are assumed SOLELY for the comparison of quantities of the various classes of work that are to be performed under the Contract, and that if awarded, the Contract for the WORK therein mentioned, the undersigned will not make any claim for damages or for loss of profits, or for an extension of time for the performance of the WORK because of difference between the quantities of the various classes of work assumed for comparison of bids and the quantities of work actually performed. It is understood that there may be unforeseen circumstances that may result in additional work. Prior approval from the City Engineer will be required before that work will be authorized to be performed.

All work will be done in accordance with the Illinois Department of Transportation Standard Specification for Road and Bridge Construction adopted April 1, 2016, and the Illinois Department of Transportation Supplemental Specifications. In addition to the following:

Remove & Replace Combination Concrete Curb and Gutter (FOOT) – This work shall consist of removing existing curb and pouring curb at various locations on the job limits. Curbs shall be constructed in accordance with IDOT Standard Specifications for Road and Bridge Construction Section 606. Two #5 dowels shall be drilled and epoxy grouted into the existing curb at each location. Curb shall be type B.6-12 per attached IDOT Standards.

Pavement Removal (SF) – This work shall consist of removing existing pavement. Pavement shall be saw cut full depth prior to removal to help prevent damage to the adjacent pavement. Existing pavement is estimated at 12 inches in depth.

Driveway / Sidewalk Removal (SF) – This work shall consist of removing sections of existing concrete sidewalk and/or driveway. Any damage done to adjacent landscaping or sidewalk shall be repaired at the contractor's expense.

PCC Sidewalk 4" (SF) – This work will include placing PCC sidewalk in accordance with IDOT Standard Specifications for Road and Bridge Construction Section 424, with the exception that magnesium alloy floats will be allowed for final finish. The new sidewalk will be constructed with 4" of concrete thickness. Topsoil, seeding, and nutrients for all disturbed areas shall be included in the cost of PCC Sidewalk 4". Color of brick pattern shall be 415 – Red #12.

PCC Driveway 6" (SF) – This work will include placing PCC driveway in accordance with IDOT Standard

Specifications for Road and Bridge Construction Section 423, with the exception that magnesium alloy floats will be allowed for final finish. The new driveway will be constructed with 6" of concrete thickness. Color of brick pattern shall be 415 – Red #12.

PCC Pavement Base Course 10" (SF) – This work shall include pouring new 10 inch thick concrete base course and installation of 18" long #5 dowels at 24", centered in the existing concrete. Dowels shall be drilled and epoxied into existing concrete minimum of 8". Concrete shall have a rough broom finish to an elevation 2 inches below existing asphalt. Contractor shall NOT be responsible for placing new asphalt. The City of Pekin shall perform all asphalt work.

6' Dia. Doghouse Manhole (L. Sum) – This work shall include excavation of existing soil, pouring concrete footings, installation of doghouse manhole, pouring concrete fillet, installation of a manhole casting, and backfilling with flowable fill. All work shall be in accordance with IDOT Standard Specifications for Road and Bridge Construction Section 602, applicable sections of the current edition of the IEPA Regulations (Title 35 of the Illinois Administrative Code, Subtitle F, Chapter II, Section 653.119), the applicable sections of the most current edition of the Standard Specifications for Water and Sewer Main Construction in Illinois, and as herein specified.

Submit product data of manhole steps, lids and frames, and gaskets for approval by the ENGINEER. Avoid damage to the existing system. Existing manholes and sewers damaged by the CONTRACTOR shall be repaired to the satisfaction of the ENGINEER at no additional cost. Where indicated on the Drawings, provide 8-inch minimum thickness flat slab tops with eccentric 24-inch diameter opening conforming to ASTM C478. Flat slab tops shall be designed for AASHTO H20 loadings. All castings shall be Gray Iron conforming to ASTM A48-76, Class 30 or better and shall be designed for AASHTO H20 loadings. Steps shall be installed in all structures unless otherwise indicated, shall be plumb and easily accessible from top openings, and shall be provided at 16 inches on center.

G-1 Inlet & Casting (Each) – This work shall consist of furnishing and installing Type G-1, special inlets in accordance with Section 602 of the Standard Specifications for Road and Bridge Construction. This work shall be paid for at the contract unit price EACH for G-1 Inlet & Casting.

18" Water Main Quality Pipe (Foot) – This work consists of constructing storm sewer to meet water main standards, as required by the IEPA and backfilling with flowable fill. This work shall be performed in accordance with applicable parts of Section 550 of the Standard Specifications for Road and Bridge Construction, applicable sections of the current edition of the IEPA Regulations (Title 35 of the Illinois Administrative Code, Subtitle F, Chapter II, Section 653.119), the applicable sections of the most current edition of the Standard Specifications for Water and Sewer Main Construction in Illinois, and as herein specified.

Storm sewer shall be constructed of PVC pipe equivalent to water main standards of construction. Plastic pipe shall be marked with the manufacturer's name; ASTM or AWWA specification, schedule number, dimension ratio number or standard dimension ratio (SDR) number, and cell class. The pipe and fittings shall also meet NSF Standard 14, and bear the NSF seal of approval. Fittings shall be compatible with the type of pipe used. This work shall be measured and paid for at the contract unit price per FOOT of the diameter and type specified.

Traffic Control (Lump Sum) – This work shall consist of the furnishing, installation, maintenance, relocation, and removal of the equipment, supplies, and the necessary materials to provide traffic control to the project, including the signage for the sidewalk closures. The contractor shall follow the IDOT Standard Specifications for the Road and Bridge Construction Section 701 for traffic control. Temporary closures of Court Street will be permitted for installation of storm sewer.

Mobilization (Lump Sum) – This work shall consist of preparatory work and operations necessary for the movement of personnel, equipment, supplies, incidentals to the project site, facilities necessary for the work on the project and for all other work or operations which must be performed or cost incurred when beginning work on the project.

SPECIAL PROVISIONS

The following Special Provisions supplement the "Standard Specifications for Road and Bridge Construction," adopted April 1, 2016 and the latest edition of the "Illinois Manual on Uniform Traffic Control Devices for Streets and Highways" in effect on the date of invitation for bids. These special provisions included herein apply to and govern the proposed improvement and in case of conflict with any part or parts of said specifications, said special provisions shall take precedence and shall govern.

PREVAILING WAGE:

Contractor shall not pay less than the prevailing rates of wages to all laborers, workmen, and mechanics performing work under this contract, and shall comply with the requirements of the Illinois Wages of Employees on Public Works Act (820 ILCS 130/1-12).

SCHEDULE OF CONSTRUCTION:

Contractor will coordinate with the Engineer prior to beginning any work. A preconstruction meeting will be held prior to any work being performed. This meeting will be scheduled following the award of the project.

RIGHTS OF THE MUNICIPALITY:

The Municipality reserves the right to increase or decrease quantities at the unit price bid and/or delete any item completely.

MAILBOXES AND SIGNS:

Any mailboxes or signs that require removal must be replaced at their exact locations. This work and all materials required to perform this work shall be included in the price of the contract.

SEEDING/EROSION CONTROL:

Any seeding and erosion control required because of disturbance by construction shall be completed under Engineer's direction. This work and all materials required to perform this work is minimal and shall be incidental to the contract.

PUBLIC SAFETY AND CONVENIENCE:

The contractor shall at all times conduct his work so as to ensure the least possible obstructions to traffic and inconvenience to the general public and the residents in the vicinity of the work, and to insure the protection of persons and property in a manner satisfactory to the Engineer. No road or street shall be closed to the public except with the permission of the Engineer and proper governmental authority. Fire hydrants on or adjacent to the work shall be kept accessible to fire-fighting equipment at all times. The contractor is responsible for maintaining all traffic guidance or detours within his project area.

PAYMENTS:

Payments will be made at the completion of the repairs and will require documentation of material tickets of all aggregate and concrete, bill of lading for the pipe, and certified payrolls.

GENERAL NOTES

This Standard is used where, at any time, pedestrian traffic must be rerouted due to work being performed.

This Standard must be used in conjunction with other Traffic Control & Protection Standards when roadway traffic is affected.

Temporary facilities shall be detectable and accessible.

The temporary pedestrian facilities shall be provided on the same side of the closed facilities whenever possible.

THE SIDEWALK CLOSED / USE OTHER SIDE sign shall be placed at the nearest crosswalk or intersection to each end of the closure. Where the closure occurs at a corner, the signs shall be erected on the corners across the street from the closure. The SIDEWALK CLOSED signs shall be used at the ends of the actual closures.

Type III barricades and R11-2-4830 signs shall be positioned as shown in "ROAD CLOSED TO ALL TRAFFIC" detail on Standard 701901.

All dimensions are in inches (millimeters) unless otherwise shown.

Explanations TAZEWEEL COUNTY

ASBESTOS - See Laborers

CARPENTERS (NORTH) - That part of the county North including the towns of Marquette Hts., Morton, Creve Coeur and Deer Creek.

LABORERS (NORTHWEST) - The area bounded by the old city limits of East Peoria.

MILLWRIGHTS - See Carpenters PILEDRIVERS - See Carpenters

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

Oil and chip resealing (O&C) means the application of road oils and liquid asphalt to coat an existing road surface, followed by application of aggregate chips or gravel to coated surface, and subsequent rolling of material to seal the surface.

EXPLANATION OF CLASSES

ASBESTOS - GENERAL - removal of asbestos material/mold and hazardous materials from any place in a building, including mechanical systems where those mechanical systems are to be removed. This includes the removal of asbestos materials/mold and hazardous materials from ductwork or pipes in a building when the building is to be demolished at the time or at some future date.

ASBESTOS - MECHANICAL - Removal of asbestos material from mechanical systems, such as pipes, ducts, and boilers, where the mechanical systems are to remain.

CERAMIC TILE FINISHER, MARBLE FINISHER, TERRAZZO FINISHER

Assisting, helping or supporting the tile, marble and terrazzo mechanic by performing their historic and traditional work assignments required to complete the proper installation of the work covered by said crafts. The term "Ceramic" is used for naming the classification only and is in no way a limitation of the product handled. Ceramic takes into consideration most hard

tiles.

ELECTRONIC SYSTEMS TECHNICIAN

Installation, service and maintenance of low-voltage systems which utilizes the transmission and/or transference of voice, sound, vision, or digital for commercial, education, security and entertainment purposes for the following: TV monitoring and surveillance, background/foreground music, intercom and telephone interconnect, field programming, inventory control system microwave transmission, multi-media, multiplex, radio page, school, intercom and sound burglar alarms and low voltage master clock systems.

Excluded from this classification are energy management systems, life safety systems, supervisory controls and data acquisition systems not intrinsic with the above listed systems, fire alarm systems, nurse call systems and raceways exceeding fifteen feet in length.

TRUCK DRIVER - BUILDING, HEAVY AND HIGHWAY CONSTRUCTION Class 1. Drivers on 2 axle trucks hauling less than 9 ton. compressor and welding machines and brooms, including those pulled by separate units, truck driver helpers, warehouse employees, mechanic helpers, greasers and tiremen, pickup trucks when hauling materials, tools, or workers to and from and on the job site, and fork lifts up to 6,000 lb. capacity.

Class 2. Two or three axle trucks hauling more than 9 ton but hauling less than 16 ton. A-frame winch trucks, hydrolift trucks, vector trucks or similar equipment when used for transportation purposes. Fork lifts over 6,000 lb. capacity, winch trucks, four axle combination units, and ticket writers.

Class 3. Two, three or four axle trucks hauling 16 ton or more. Drivers on water pulls, articulated dump trucks, mechanics and working forepersons, and dispatchers. Five axle or more combination units.

Class 4. Low Boy and Oil Distributors.

Class 5. Drivers who require special protective clothing while employed on hazardous waste work.

TRUCK DRIVER - OIL AND CHIP RESEALING ONLY.

This shall encompass laborers, workers and mechanics who drive contractor or subcontractor owned, leased, or hired pickup, dump, service, or oil distributor trucks. The work includes transporting materials and equipment (including but not limited to, oils, aggregate supplies, parts, machinery and tools) to or from the job site; distributing oil or liquid asphalt and aggregate; stockpiling material when in connection with the actual oil and chip contract. The Truck Driver (Oil & Chip Resealing) wage classification does not include supplier delivered materials.

CONTRACTOR CERTIFICATIONS

County Tazewell
 Local Public Agency City of Pekin
 Section Number _____
 Route Court St.

The certifications hereinafter made by the bidder are each a material representation of fact upon which reliance is placed should the Department enter into the contract with the bidder.

1. **Debt Delinquency.** The bidder or contractor or subcontractor, respectively, certifies that it is not delinquent in the payment of any tax administered by the Department of Revenue unless the individual or other entity is contesting, in accordance with the procedures established by the appropriate revenue Act, its liability for the tax or the amount of tax. Making a false statement voids the contract and allows the Department to recover all amounts paid to the individual or entity under the contract in a civil action.
2. **Bid-Rigging or Bid Rotating.** The bidder or contractor or subcontractor, respectively, certifies that it is not barred from contracting with the Department by reason of a violation of either 720 ILCS 5/33E-3 or 720 ILCS 5/33E-4.

A violation of Section 33E-3 would be represented by a conviction of the crime of bid-rigging which, in addition to Class 3 felony sentencing, provides that any person convicted of this offense or any similar offense of any state or the United States which contains the same elements as this offense shall be barred for 5 years from the date of conviction from contracting with any unit of State or local government. No corporation shall be barred from contracting with any unit of State or local government as a result of a conviction under this Section of any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent in behalf of the corporation.

A violation of Section 33E-4 would be represented by a conviction of the crime of bid-rotating which, in addition to Class 2 felony sentencing, provides that any person convicted of this offense or any similar offense of any state or the United States which contains the same elements as this offense shall be permanently barred from contracting with any unit of State or local government. No corporation shall be barred from contracting with any unit of State or local government as a result of a conviction under this Section of any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent in behalf of the corporation.

3. **Bribery.** The bidder or contractor or subcontractor, respectively, certifies that it has not been convicted of bribery or attempting to bribe an officer or employee of the State of Illinois or any unit of local government, nor has the firm made an admission of guilt of such conduct which is a matter of record, nor has an official, agent, or employee of the firm committed bribery or attempted bribery on behalf of the firm and pursuant to the direction or authorization of a responsible official of the firm.
4. **Interim Suspension or Suspension.** The bidder or contractor or subcontractor, respectively, certifies that it is not currently under a suspension as defined in Subpart I of Title 44 Subtitle A Chapter III Part 6 of the Illinois Administrative Code. Furthermore, if suspended prior to completion of this work, the contract or contracts executed for the completion of this work may be cancelled.

9. Each pay item should have a unit price and a total price. If no total price is shown or if there is a discrepancy between the product of the unit price multiplied by the quantity, the unit price shall govern. If a unit price is omitted, the total price will be divided by the quantity in order to establish a unit price.
10. A bid will be declared unacceptable if neither a unit price nor a total price is shown.
11. The undersigned submits herewith the schedule of prices on BLR 12200a covering the work to be performed under this contract.
12. The undersigned further agrees that if awarded the contract for the sections contained in the combinations on BLR 12200a, the work shall be in accordance with the requirements of each individual proposal for the multiple bid specified in the Schedule for Multiple Bids below.

CONTRACTOR CERTIFICATIONS

County	Tazewell
Local Public Agency	City of Pekin
Section Number	
Route	Court St.

The certifications hereinafter made by the bidder are each a material representation of fact upon which reliance is placed should the Department enter into the contract with the bidder.

1. **Debt Delinquency.** The bidder or contractor or subcontractor, respectively, certifies that it is not delinquent in the payment of any tax administered by the Department of Revenue unless the individual or other entity is contesting, in accordance with the procedures established by the appropriate revenue Act, its liability for the tax or the amount of tax. Making a false statement voids the contract and allows the Department to recover all amounts paid to the individual or entity under the contract in a civil action.
2. **Bid-Rigging or Bid Rotating.** The bidder or contractor or subcontractor, respectively, certifies that it is not barred from contracting with the Department by reason of a violation of either 720 ILCS 5/33E-3 or 720 ILCS 5/33E-4.

A violation of Section 33E-3 would be represented by a conviction of the crime of bid-rigging which, in addition to Class 3 felony sentencing, provides that any person convicted of this offense or any similar offense of any state or the United States which contains the same elements as this offense shall be barred for 5 years from the date of conviction from contracting with any unit of State or local government. No corporation shall be barred from contracting with any unit of State or local government as a result of a conviction under this Section of any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent in behalf of the corporation.

A violation of Section 33E-4 would be represented by a conviction of the crime of bid-rotating which, in addition to Class 2 felony sentencing, provides that any person convicted of this offense or any similar offense of any state or the United States which contains the same elements as this offense shall be permanently barred from contracting with any unit of State or local government. No corporation shall be barred from contracting with any unit of State or local government as a result of conviction under this Section of any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent in behalf of the corporation.

3. **Bribery.** The bidder or contractor or subcontractor, respectively, certifies that it has not been convicted of bribery or attempting to bribe an officer or employee of the State of Illinois or any unit of local government, nor has the firm made an admission of guilt of such conduct which is a matter of record, nor has an official, agent, or employee of the firm committed bribery or attempted bribery on behalf of the firm and pursuant to the direction or authorization of a responsible official of the firm.
4. **Interim Suspension or Suspension.** The bidder or contractor or subcontractor, respectively, certifies that it is not currently under a suspension as defined in Subpart I of Title 44 Subtitle A Chapter III Part 6 of the Illinois Administrative Code. Furthermore, if suspended prior to completion of this work, the contract or contracts executed for the completion of this work may be cancelled.

PAPER BID BOND

WE Wm Aupperle & Sons, Inc. as PRINCIPAL,

and United Fire & Casualty Company as SURETY,

are held jointly, severally and firmly bound unto the above Local Agency (hereafter referred to as "LA") in the penal sum of 5% of the total bid price, or for the amount specified in the proposal documents in effect on the date of invitation for bids whichever is the lesser sum. We bind ourselves, our heirs, executors, administrators, successors, and assigns, jointly pay to the LA this sum under the conditions of this instrument.

WHEREAS THE CONDITION OF THE FOREGOING OBLIGATION IS SUCH that, the said PRINCIPAL is submitting a written proposal to the LA acting through its awarding authority for the construction of the work designated as the above section.

THEREFORE if the proposal is accepted and a contract awarded to the PRINCIPAL by the LA for the above designated section and the PRINCIPAL shall within fifteen (15) days after award enter into a formal contract, furnish surety guaranteeing the faithful performance of the work, and furnish evidence of the required insurance coverage, all as provided in the "Standard Specifications for Road and Bridge Construction" and applicable Supplemental Specifications, then this obligation shall become void; otherwise it shall remain in full force and effect.

IN THE EVENT the LA determines the PRINCIPAL has failed to enter into a formal contract in compliance with any requirements set forth in the preceding paragraph, then the LA acting through its awarding authority shall immediately be entitled to recover the full penal sum set out above, together with all court costs, all attorney fees, and any other expense of recovery.

REQUEST FOR COUNCIL ACTION

Agenda Date: September 8, 2020
To: Council Members
From: Josie Esker, Assistant City Engineer

AGENDA ITEM: Resolution No. 161-20/21 Award Downtown Court Drainage Improvement Project to Stark Excavating, Inc.

ACTION REQUESTED: Approve and Adopt the Resolution.

DESCRIPTION: This request is to award the Downtown Court Street Drainage Improvement project to Stark Excavating Inc. This project is to add two storm water inlets and a doghouse manhole over the existing sewer system on the 600 block of Court Street. This project also includes rebuilding some City sidewalk and a driveway approach to keep water in the street from running into the parking lot and basement of a local business. The City received three bids for this project ranging from \$71,900 to \$127,752.05. The Infrastructure Committee recommends this project be awarded.

FINANCIAL IMPACT:

Requested Amount: \$71,900.00
 Line Item: 270-270-584009
 Budgeted Amount: \$100,000.00
 Available Funds: \$100,000.00

IMPACT IF APPROVED: This project will be awarded to Stark Excavating.

IMPACT IF DENIED: This project will not be awarded.

ALTERNATIVES: N/A

RELATED TO THE 2019-2021 CITY COUNCIL GOALS:

5 Year CIP. The Five-Year Capital Improvement Plan reflects all current and future capital improvement needs of the City of Pekin. The Plan is designed to be updated annually by staff and submitted to the Council for review and approval prior to the annual budget process.

Enhance Code Enforcement Services. The Council understands the importance of a strong Code Enforcement Program in that it has an impact on many facets of living and doing business inside the City of Pekin.

Business Friendly Community. The Council strives to bring new businesses to Pekin while helping to maintain and expand all existing businesses. It is therefore essential to work cooperatively to make Pekin a "Business-Friendly" Community.

Efficient and Effective Municipal Operations. A fundamental responsibility of elected officials, City Staff and Employees is the exercise of good stewardship over public funds. Therefore, it is important that municipal services be delivered with maximum efficiency and effectiveness.

Employee Residency. It is the goal of the Council to develop a policy that encourages more full-time non-union employees who participate in a City funded pension program to reside within the city limits of Pekin.

CONTRACTOR CERTIFICATIONS

County	Tazewell
Local Public Agency	City of Pekin
Section Number	
Route	Court St.

The certifications hereinafter made by the bidder are each a material representation of fact upon which reliance is placed should the Department enter into the contract with the bidder.

1. **Debt Delinquency.** The bidder or contractor or subcontractor, respectively, certifies that it is not delinquent in the payment of any tax administered by the Department of Revenue unless the individual or other entity is contesting, in accordance with the procedures established by the appropriate revenue Act, its liability for the tax or the amount of tax. Making a false statement voids the contract and allows the Department to recover all amounts paid to the individual or entity under the contract in a civil action.
2. **Bid-Rigging or Bid Rotating.** The bidder or contractor or subcontractor, respectively, certifies that it is not barred from contracting with the Department by reason of a violation of either 720 ILCS 5/33E-3 or 720 ILCS 5/33E-4.

A violation of Section 33E-3 would be represented by a conviction of the crime of bid-rigging which, in addition to Class 3 felony sentencing, provides that any person convicted of this offense or any similar offense of any state or the United States which contains the same elements as this offense shall be barred for 5 years from the date of conviction from contracting with any unit of State or local government. No corporation shall be barred from contracting with any unit of State or local government as a result of a conviction under this Section of any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent in behalf of the corporation.

A violation of Section 33E-4 would be represented by a conviction of the crime of bid-rotating which, in addition to Class 2 felony sentencing, provides that any person convicted of this offense or any similar offense of any state or the United States which contains the same elements as this offense shall be permanently barred from contracting with any unit of State or local government. No corporation shall be barred from contracting with any unit of State or local government as a result of conviction under this Section of any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent in behalf of the corporation.

3. **Bribery.** The bidder or contractor or subcontractor, respectively, certifies that it has not been convicted of bribery or attempting to bribe an officer or employee of the State of Illinois or any unit of local government, nor has the firm made an admission of guilt of such conduct which is a matter of record, nor has an official, agent, or employee of the firm committed bribery or attempted bribery on behalf of the firm and pursuant to the direction or authorization of a responsible official of the firm.
4. **Interim Suspension or Suspension.** The bidder or contractor or subcontractor, respectively, certifies that it is not currently under a suspension as defined in Subpart I of Title 44 Subtitle A Chapter III Part 6 of the Illinois Administrative Code. Furthermore, if suspended prior to completion of this work, the contract or contracts executed for the completion of this work may be cancelled.

BERKLEY INSURANCE COMPANY
WILMINGTON, DELAWARE

NOTICE: The warning found elsewhere in this Power of Attorney affects the validity thereof. Please review carefully.

KNOW ALL MEN BY THESE PRESENTS, that BERKLEY INSURANCE COMPANY (the "Company"), a corporation duly organized and existing under the laws of the State of Delaware, having its principal office in Greenwich, CT, has made, constituted and appointed, and does by these presents make, constitute and appoint: **Lucas Sherman of CoraMae, Inc. dba Insurance Risk Managers of Champaign, IL** its true and lawful Attorney-in-Fact, to sign its name as surety only as delineated below and to execute, seal, acknowledge and deliver any and all bonds and undertakings, with the exception of Financial Guaranty Insurance, providing that no single obligation shall exceed **Fifty Million and 00/100 U.S. Dollars (U.S.\$50,000,000.00)**, to the same extent as if such bonds had been duly executed and acknowledged by the regularly elected officers of the Company at its principal office in their own proper persons.

This Power of Attorney shall be construed and enforced in accordance with, and governed by, the laws of the State of Delaware, without giving effect to the principles of conflicts of laws thereof. This Power of Attorney is granted pursuant to the following resolutions which were duly and validly adopted at a meeting of the Board of Directors of the Company held on January 25, 2010:

RESOLVED, that, with respect to the Surety business written by Berkley Surety, the Chairman of the Board, Chief Executive Officer, President or any Vice President of the Company, in conjunction with the Secretary or any Assistant Secretary are hereby authorized to execute powers of attorney authorizing and qualifying the attorney-in-fact named therein to execute bonds, undertakings, recognizances, or other suretyship obligations on behalf of the Company, and to affix the corporate seal of the Company to powers of attorney executed pursuant hereto; and said officers may remove any such attorney-in-fact and revoke any power of attorney previously granted; and further

RESOLVED, that such power of attorney limits the acts of those named therein to the bonds, undertakings, recognizances, or other suretyship obligations specifically named therein, and they have no authority to bind the Company except in the manner and to the extent therein stated; and further

RESOLVED, that such power of attorney revokes all previous powers issued on behalf of the attorney-in-fact named; and further

RESOLVED, that the signature of any authorized officer and the seal of the Company may be affixed by facsimile to any power of attorney or certification thereof authorizing the execution and delivery of any bond, undertaking, recognizance, or other suretyship obligation of the Company; and such signature and seal when so used shall have the same force and effect as though manually affixed. The Company may continue to use for the purposes herein stated the facsimile signature of any person or persons who shall have been such officer or officers of the Company, notwithstanding the fact that they may have ceased to be such at the time when such instruments shall be issued.

IN WITNESS WHEREOF, the Company has caused these presents to be signed and attested by its appropriate officers and its corporate seal hereunto affixed this 3rd day of DECEMBER, 2019.

City of Pekin

Department of Public Works

SUMMARY OF WORK

The City of Pekin is accepting bids to install a new doghouse manhole, new storm sewer, and new inlets along with pavement and sidewalk removal and replacement.

Project shall be substantially complete by October 2, 2020 unless extension granted by the City Engineer due to weather restrictions.

All questions can be directed to Josie Esker at (309) 478-5399 or Lorri Winchester at (309) 478-5348.

SCOPE OF WORK

It is understood and agreed that the quantities mentioned herein for unit price items are only approximate and are assumed SOLELY for the comparison of quantities of the various classes of work that are to be performed under the Contract, and that if awarded, the Contract for the WORK therein mentioned, the undersigned will not make any claim for damages or for loss of profits, or for an extension of time for the performance of the WORK because of difference between the quantities of the various classes of work assumed for comparison of bids and the quantities of work actually performed. It is understood that there may be unforeseen circumstances that may result in additional work. Prior approval from the City Engineer will be required before that work will be authorized to be performed.

All work will be done in accordance with the Illinois Department of Transportation Standard Specification for Road and Bridge Construction adopted April 1, 2016, and the Illinois Department of Transportation Supplemental Specifications. In addition to the following:

Remove & Replace Combination Concrete Curb and Gutter (FOOT) – This work shall consist of removing existing curb and pouring curb at various locations on the job limits. Curbs shall be constructed in accordance with IDOT Standard Specifications for Road and Bridge Construction Section 606. Two #5 dowels shall be drilled and epoxy grouted into the existing curb at each location. Curb shall be type B.6-12 per attached IDOT Standards.

Pavement Removal (SF) – This work shall consist of removing existing pavement. Pavement shall be saw cut full depth prior to removal to help prevent damage to the adjacent pavement. Existing pavement is estimated at 12 inches in depth.

Driveway / Sidewalk Removal (SF) – This work shall consist of removing sections of existing concrete sidewalk and/or driveway. Any damage done to adjacent landscaping or sidewalk shall be repaired at the contractor's expense.

PCC Sidewalk 4" (SF) – This work will include placing PCC sidewalk in accordance with IDOT Standard Specifications for Road and Bridge Construction Section 424, with the exception that magnesium alloy floats will be allowed for final finish. The new sidewalk will be constructed with 4" of concrete thickness. Topsoil, seeding, and nutrients for all disturbed areas shall be included in the cost of PCC Sidewalk 4". Color of brick pattern shall be 415 – Red #12.

PCC Driveway 6" (SF) – This work will include placing PCC driveway in accordance with IDOT Standard

Specifications for Road and Bridge Construction Section 423, with the exception that magnesium alloy floats will be allowed for final finish. The new driveway will be constructed with 6" of concrete thickness. Color of brick pattern shall be 415 – Red #12.

PCC Pavement Base Course 10" (SF) – This work shall include pouring new 10 inch thick concrete base course and installation of 18" long #5 dowels at 24", centered in the existing concrete. Dowels shall be drilled and epoxied into existing concrete minimum of 8". Concrete shall have a rough broom finish to an elevation 2 inches below existing asphalt. Contractor shall NOT be responsible for placing new asphalt. The City of Pekin shall perform all asphalt work.

6' Dia. Doghouse Manhole (L. Sum) – This work shall include excavation of existing soil, pouring concrete footings, installation of doghouse manhole, pouring concrete fillet, installation of a manhole casting, and backfilling with flowable fill. All work shall be in accordance with IDOT Standard Specifications for Road and Bridge Construction Section 602, applicable sections of the current edition of the IEPA Regulations (Title 35 of the Illinois Administrative Code, Subtitle F, Chapter II, Section 653.119), the applicable sections of the most current edition of the Standard Specifications for Water and Sewer Main Construction in Illinois, and as herein specified.

Submit product data of manhole steps, lids and frames, and gaskets for approval by the ENGINEER. Avoid damage to the existing system. Existing manholes and sewers damaged by the CONTRACTOR shall be repaired to the satisfaction of the ENGINEER at no additional cost. Where indicated on the Drawings, provide 8-inch minimum thickness flat slab tops with eccentric 24-inch diameter opening conforming to ASTM C478. Flat slab tops shall be designed for AASHTO H20 loadings. All castings shall be Gray Iron conforming to ASTM A48-76, Class 30 or better and shall be designed for AASHTO H20 loadings. Steps shall be installed in all structures unless otherwise indicated, shall be plumb and easily accessible from top openings, and shall be provided at 16 inches on center.

G-1 Inlet & Casting (Each) – This work shall consist of furnishing and installing Type G-1, special inlets in accordance with Section 602 of the Standard Specifications for Road and Bridge Construction. This work shall be paid for at the contract unit price EACH for G-1 Inlet & Casting.

18" Water Main Quality Pipe (Foot) – This work consists of constructing storm sewer to meet water main standards, as required by the IEPA and backfilling with flowable fill. This work shall be performed in accordance with applicable parts of Section 550 of the Standard Specifications for Road and Bridge Construction, applicable sections of the current edition of the IEPA Regulations (Title 35 of the Illinois Administrative Code, Subtitle F, Chapter II, Section 653.119), the applicable sections of the most current edition of the Standard Specifications for Water and Sewer Main Construction in Illinois, and as herein specified.

Storm sewer shall be constructed of PVC pipe equivalent to water main standards of construction. Plastic pipe shall be marked with the manufacturer's name; ASTM or AWWA specification, schedule number, dimension ratio number or standard dimension ratio (SDR) number, and cell class. The pipe and fittings shall also meet NSF Standard 14, and bear the NSF seal of approval. Fittings shall be compatible with the type of pipe used. This work shall be measured and paid for at the contract unit price per FOOT of the diameter and type specified.

Traffic Control (Lump Sum) – This work shall consist of the furnishing, installation, maintenance, relocation, and removal of the equipment, supplies, and the necessary materials to provide traffic control to the project, including the signage for the sidewalk closures. The contractor shall follow the IDOT Standard Specifications for the Road and Bridge Construction Section 701 for traffic control. Temporary closures of Court Street will be permitted for installation of storm sewer.

Mobilization (Lump Sum) – This work shall consist of preparatory work and operations necessary for the movement of personnel, equipment, supplies, incidentals to the project site, facilities necessary for the work on the project and for all other work or operations which must be performed or cost incurred when beginning work on the project.

SPECIAL PROVISIONS

The following Special Provisions supplement the "Standard Specifications for Road and Bridge Construction," adopted April 1, 2016 and the latest edition of the "Illinois Manual on Uniform Traffic Control Devices for Streets and Highways" in effect on the date of invitation for bids. These special provisions included herein apply to and govern the proposed improvement and in case of conflict with any part or parts of said specifications, said special provisions shall take precedence and shall govern.

CONTRACTOR INFORMATION:

The selected contractor shall supply the following to the municipality within one week of being selected.

- Certificate of insurance; minimum \$1,000,000 coverage
- One year warranty on all completed work to be delivered to municipality.
- Day and night phone numbers for the contractor's representative
- Certified Weekly Payrolls and Monthly Equal Employment Opportunity Reports
- Start and completion dates

PREVAILING WAGE:

Contractor shall not pay less than the prevailing rates of wages to all laborers, workmen, and mechanics performing work under this contract, and shall comply with the requirements of the Illinois Wages of Employees on Public Works Act (820 ILCS 130/1-12).

SCHEDULE OF CONSTRUCTION:

Contractor will coordinate with the Engineer prior to beginning any work. A preconstruction meeting will be held prior to any work being performed. This meeting will be scheduled following the award of the project.

RIGHTS OF THE MUNICIPALITY:

The Municipality reserves the right to increase or decrease quantities at the unit price bid and/or delete any item completely.

MAILBOXES AND SIGNS:

Any mailboxes or signs that require removal must be replaced at their exact locations. This work and all materials required to perform this work shall be included in the price of the contract.

SEEDING/EROSION CONTROL:

Any seeding and erosion control required because of disturbance by construction shall be completed under Engineer's direction. This work and all materials required to perform this work is minimal and shall be incidental to the contract.

PUBLIC SAFETY AND CONVENIENCE:

The contractor shall at all times conduct his work so as to ensure the least possible obstructions to traffic and inconvenience to the general public and the residents in the vicinity of the work, and to insure the protection of persons and property in a manner satisfactory to the Engineer. No road or street shall be closed to the public except with the permission of the Engineer and proper governmental authority. Fire hydrants on or adjacent to the work shall be kept accessible to fire-fighting equipment at all times. The contractor is responsible for maintaining all traffic guidance or detours within his project area.

PAYMENTS:

Payments will be made at the completion of the repairs and will require documentation of material tickets of all aggregate and concrete, bill of lading for the pipe, and certified payrolls.

Explanations TAZEWELL COUNTY

ASBESTOS - See Laborers

CARPENTERS (NORTH) - That part of the county North including the towns of Marquette Hts., Morton, Creve Coeur and Deer Creek.

LABORERS (NORTHWEST) - The area bounded by the old city limits of East Peoria.

MILLWRIGHTS - See Carpenters PILEDRIVERS - See Carpenters

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

Oil and chip resealing (O&C) means the application of road oils and liquid asphalt to coat an existing road surface, followed by application of aggregate chips or gravel to coated surface, and subsequent rolling of material to seal the surface.

EXPLANATION OF CLASSES

ASBESTOS - GENERAL - removal of asbestos material/mold and hazardous materials from any place in a building, including mechanical systems where those mechanical systems are to be removed. This includes the removal of asbestos materials/mold and hazardous materials from ductwork or pipes in a building when the building is to be demolished at the time or at some future date.

ASBESTOS - MECHANICAL - Removal of asbestos material from mechanical systems, such as pipes, ducts, and boilers, where the mechanical systems are to remain.

CERAMIC TILE FINISHER, MARBLE FINISHER, TERRAZZO FINISHER

Assisting, helping or supporting the tile, marble and terrazzo mechanic by performing their historic and traditional work assignments required to complete the proper installation of the work covered by said crafts. The term "Ceramic" is used for naming the classification only and is in no way a limitation of the product handled. Ceramic takes into consideration most hard

tiles.

ELECTRONIC SYSTEMS TECHNICIAN

Installation, service and maintenance of low-voltage systems which utilizes the transmission and/or transference of voice, sound, vision, or digital for commercial, education, security and entertainment purposes for the following: TV monitoring and surveillance, background/foreground music, intercom and telephone interconnect, field programming, inventory control system, microwave transmission, multi-media, multiplex, radio page, school, intercom and sound burglar alarms and low voltage master clock systems.

Excluded from this classification are energy management systems, life safety systems, supervisory controls and data acquisition systems not intrinsic with the above listed systems, fire alarm systems, nurse call systems and raceways exceeding fifteen feet in length.

TRUCK DRIVER - BUILDING, HEAVY AND HIGHWAY CONSTRUCTION Class 1. Drivers on 2 axle trucks hauling less than 9 ton. compressor and welding machines and brooms, including those pulled by separate units, truck driver helpers, warehouse employees, mechanic helpers, greasers and tiremen, pickup trucks when hauling materials, tools, or workers to and from and on the job site, and fork lifts up to 6,000 lb. capacity.

Class 2. Two or three axle trucks hauling more than 9 ton but hauling less than 16 ton. A-frame winch trucks, hydrolift trucks, vector trucks or similar equipment when used for transportation purposes. Fork lifts over 6,000 lb. capacity, winch trucks, four axle combination units, and ticket writers.

Class 3. Two, three or four axle trucks hauling 16 ton or more. Drivers on water pulls, articulated dump trucks, mechanics and working forepersons, and dispatchers. Five axle or more combination units.

Class 4. Low Boy and Oil Distributors.

Class 5. Drivers who require special protective clothing while employed on hazardous waste work.

TRUCK DRIVER - OIL AND CHIP RESEALING ONLY.

This shall encompass laborers, workers and mechanics who drive contractor or subcontractor owned, leased, or hired pickup, dump, service, or oil distributor trucks. The work includes transporting materials and equipment (including but not limited to, oils, aggregate supplies, parts, machinery and tools) to or from the job site; distributing oil or liquid asphalt and aggregate; stockpiling material when in connection with the actual oil and chip contract. The Truck Driver (Oil & Chip Resealing) wage classification does not include supplier delivered materials.

Bid Bonds will be allowed as a proposal guaranty. Accompanying this proposal is either a bid bond if allowed, on Department form BLR 12230 or a proposal guaranty check, complying with the specifications, made payable to:
City of Pekin Treasurer of _____
 The amount of the check is 5% Bid Bond (5%)
7. In the event that one proposal guaranty check is intended to cover two or more proposals, the amount must be equal to the sum of the proposal guaranties, which would be required for each individual proposal. If the proposal guaranty check is placed in another proposal, it will be found in the proposal for: Section Number _____.
8. The successful bidder at the time of execution of the contract will be required to deposit a contract bond for the full amount of the award. When a contract bond is not required, the proposal guaranty check will be held in lieu thereof. If this proposal is accepted and the undersigned fails to execute a contract and contract bond as required, it is hereby agreed that the Bid Bond or check shall be forfeited to the Awarding Authority.
9. Each pay item should have a unit price and a total price. If no total price is shown or if there is a discrepancy between the product of the unit price multiplied by the quantity, the unit price shall govern. If a unit price is omitted, the total price will be divided by the quantity in order to establish a unit price.
10. A bid will be declared unacceptable if neither a unit price nor a total price is shown.
11. The undersigned submits herewith the schedule of prices on BLR 12200a covering the work to be performed under this contract.
12. The undersigned further agrees that if awarded the contract for the sections contained in the combinations on BLR 12200a, the work shall be in accordance with the requirements of each individual proposal for the multiple bid specified in the Schedule for Multiple Bids below.

CONTRACTOR CERTIFICATIONS

County	Tazewell
Local Public Agency	City of Pekin
Section Number	
Route	Court St.

The certifications hereinafter made by the bidder are each a material representation of fact upon which reliance is placed should the Department enter into the contract with the bidder.

1. **Debt Delinquency.** The bidder or contractor or subcontractor, respectively, certifies that it is not delinquent in the payment of any tax administered by the Department of Revenue unless the individual or other entity is contesting, in accordance with the procedures established by the appropriate revenue Act, its liability for the tax or the amount of tax. Making a false statement voids the contract and allows the Department to recover all amounts paid to the individual or entity under the contract in a civil action.

2. **Bid-Rigging or Bid Rotating.** The bidder or contractor or subcontractor, respectively, certifies that it is not barred from contracting with the Department by reason of a violation of either 720 ILCS 5/33E-3 or 720 ILCS 5/33E-4.

A violation of Section 33E-3 would be represented by a conviction of the crime of bid-rigging which, in addition to Class 3 felony sentencing, provides that any person convicted of this offense or any similar offense of any state or the United States which contains the same elements as this offense shall be barred for 5 years from the date of conviction from contracting with any unit of State or local government. No corporation shall be barred from contracting with any unit of State or local government as a result of a conviction under this Section of any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent in behalf of the corporation.

A violation of Section 33E-4 would be represented by a conviction of the crime of bid-rotating which, in addition to Class 2 felony sentencing, provides that any person convicted of this offense or any similar offense of any state or the United States which contains the same elements as this offense shall be permanently barred from contracting with any unit of State or local government. No corporation shall be barred from contracting with any unit of State or local government as a result of conviction under this Section of any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent in behalf of the corporation.

3. **Bribery.** The bidder or contractor or subcontractor, respectively, certifies that it has not been convicted of bribery or attempting to bribe an officer or employee of the State of Illinois or any unit of local government, nor has the firm made an admission of guilt of such conduct which is a matter of record, nor has an official, agent, or employee of the firm committed bribery or attempted bribery on behalf of the firm and pursuant to the direction or authorization of a responsible official of the firm.
4. **Interim Suspension or Suspension.** The bidder or contractor or subcontractor, respectively, certifies that it is not currently under a suspension as defined in Subpart I of Title 44 Subtitle A Chapter III Part 6 of the Illinois Administrative Code. Furthermore, if suspended prior to completion of this work, the contract or contracts executed for the completion of this work may be cancelled.

BERKLEY INSURANCE COMPANY
WILMINGTON, DELAWARE

NOTICE: The warning found elsewhere in this Power of Attorney affects the validity thereof. Please review carefully.

KNOW ALL MEN BY THESE PRESENTS, that BERKLEY INSURANCE COMPANY (the "Company"), a corporation duly organized and existing under the laws of the State of Delaware, having its principal office in Greenwich, CT, has made, constituted and appointed, and does by these presents make, constitute and appoint: **Lucas Sherman of CoraMae, Inc. dba Insurance Risk Managers of Champaign, IL** its true and lawful Attorney-in-Fact, to sign its name as surety only as delineated below and to execute, seal, acknowledge and deliver any and all bonds and undertakings, with the exception of Financial Guaranty Insurance, providing that no single obligation shall exceed **Fifty Million and 00/100 U.S. Dollars (U.S.\$50,000,000.00)**, to the same extent as if such bonds had been duly executed and acknowledged by the regularly elected officers of the Company at its principal office in their own proper persons.

This Power of Attorney shall be construed and enforced in accordance with, and governed by, the laws of the State of Delaware, without giving effect to the principles of conflicts of laws thereof. This Power of Attorney is granted pursuant to the following resolutions which were duly and validly adopted at a meeting of the Board of Directors of the Company held on January 25, 2010:

RESOLVED, that, with respect to the Surety business written by Berkley Surety, the Chairman of the Board, Chief Executive Officer, President or any Vice President of the Company, in conjunction with the Secretary or any Assistant Secretary are hereby authorized to execute powers of attorney authorizing and qualifying the attorney-in-fact named therein to execute bonds, undertakings, recognizances, or other suretyship obligations on behalf of the Company, and to affix the corporate seal of the Company to powers of attorney executed pursuant hereto; and said officers may remove any such attorney-in-fact and revoke any power of attorney previously granted; and further

RESOLVED, that such power of attorney limits the acts of those named therein to the bonds, undertakings, recognizances, or other suretyship obligations specifically named therein, and they have no authority to bind the Company except in the manner and to the extent therein stated; and further

RESOLVED, that such power of attorney revokes all previous powers issued on behalf of the attorney-in-fact named; and further

RESOLVED, that the signature of any authorized officer and the seal of the Company may be affixed by facsimile to any power of attorney or certification thereof authorizing the execution and delivery of any bond, undertaking, recognizance, or other suretyship obligation of the Company; and such signature and seal when so used shall have the same force and effect as though manually affixed. The Company may continue to use for the purposes herein stated the facsimile signature of any person or persons who shall have been such officer or officers of the Company, notwithstanding the fact that they may have ceased to be such at the time when such instruments shall be issued.

IN WITNESS WHEREOF, the Company has caused these presents to be signed and attested by its appropriate officers and its corporate seal hereunto affixed this 3rd day of DECEMBER, 2019.

City of Pekin

Department of Public Works

SUMMARY OF WORK

The City of Pekin is accepting bids to install a new doghouse manhole, new storm sewer, and new inlets along with pavement and sidewalk removal and replacement.

Project shall be substantially complete by October 2, 2020 unless extension granted by the City Engineer due to weather restrictions.

All questions can be directed to Josie Esker at (309) 478-5399 or Lorri Winchester at (309) 478-5348.

SCOPE OF WORK

It is understood and agreed that the quantities mentioned herein for unit price items are only approximate and are assumed SOLELY for the comparison of quantities of the various classes of work that are to be performed under the Contract, and that if awarded, the Contract for the WORK therein mentioned, the undersigned will not make any claim for damages or for loss of profits, or for an extension of time for the performance of the WORK because of difference between the quantities of the various classes of work assumed for comparison of bids and the quantities of work actually performed. It is understood that there may be unforeseen circumstances that may result in additional work. Prior approval from the City Engineer will be required before that work will be authorized to be performed.

All work will be done in accordance with the Illinois Department of Transportation Standard Specification for Road and Bridge Construction adopted April 1, 2016, and the Illinois Department of Transportation Supplemental Specifications. In addition to the following:

Remove & Replace Combination Concrete Curb and Gutter (FOOT) – This work shall consist of removing existing curb and pouring curb at various locations on the job limits. Curbs shall be constructed in accordance with IDOT Standard Specifications for Road and Bridge Construction Section 606. Two #5 dowels shall be drilled and epoxy grouted into the existing curb at each location. Curb shall be type B.6-12 per attached IDOT Standards.

Pavement Removal (SF) – This work shall consist of removing existing pavement. Pavement shall be saw cut full depth prior to removal to help prevent damage to the adjacent pavement. Existing pavement is estimated at 12 inches in depth.

Driveway / Sidewalk Removal (SF) – This work shall consist of removing sections of existing concrete sidewalk and/or driveway. Any damage done to adjacent landscaping or sidewalk shall be repaired at the contractor's expense.

PCC Sidewalk 4" (SF) – This work will include placing PCC sidewalk in accordance with IDOT Standard Specifications for Road and Bridge Construction Section 424, with the exception that magnesium alloy floats will be allowed for final finish. The new sidewalk will be constructed with 4" of concrete thickness. Topsoil, seeding, and nutrients for all disturbed areas shall be included in the cost of PCC Sidewalk 4". Color of brick pattern shall be 415 – Red #12.

PCC Driveway 6" (SF) – This work will include placing PCC driveway in accordance with IDOT Standard

Specifications for Road and Bridge Construction Section 423, with the exception that magnesium alloy floats will be allowed for final finish. The new driveway will be constructed with 6" of concrete thickness. Color of brick pattern shall be 415 – Red #12.

PCC Pavement Base Course 10" (SF) – This work shall include pouring new 10 inch thick concrete base course and installation of 18" long #5 dowels at 24", centered in the existing concrete. Dowels shall be drilled and epoxied into existing concrete minimum of 8". Concrete shall have a rough broom finish to an elevation 2 inches below existing asphalt. Contractor shall NOT be responsible for placing new asphalt. The City of Pekin shall perform all asphalt work.

6' Dia. Doghouse Manhole (L. Sum) – This work shall include excavation of existing soil, pouring concrete footings, installation of doghouse manhole, pouring concrete fillet, installation of a manhole casting, and backfilling with flowable fill. All work shall be in accordance with IDOT Standard Specifications for Road and Bridge Construction Section 602, applicable sections of the current edition of the IEPA Regulations (Title 35 of the Illinois Administrative Code, Subtitle F, Chapter II, Section 653.119), the applicable sections of the most current edition of the Standard Specifications for Water and Sewer Main Construction in Illinois, and as herein specified.

Submit product data of manhole steps, lids and frames, and gaskets for approval by the ENGINEER. Avoid damage to the existing system. Existing manholes and sewers damaged by the CONTRACTOR shall be repaired to the satisfaction of the ENGINEER at no additional cost. Where indicated on the Drawings, provide 8-inch minimum thickness flat slab tops with eccentric 24-inch diameter opening conforming to ASTM C478. Flat slab tops shall be designed for AASHTO H20 loadings. All castings shall be Gray Iron conforming to ASTM A48-76, Class 30 or better and shall be designed for AASHTO H20 loadings. Steps shall be installed in all structures unless otherwise indicated, shall be plumb and easily accessible from top openings, and shall be provided at 16 inches on center.

G-1 Inlet & Casting (Each) – This work shall consist of furnishing and installing Type G-1, special inlets in accordance with Section 602 of the Standard Specifications for Road and Bridge Construction. This work shall be paid for at the contract unit price EACH for G-1 Inlet & Casting.

18" Water Main Quality Pipe (Foot) – This work consists of constructing storm sewer to meet water main standards, as required by the IEPA and backfilling with flowable fill. This work shall be performed in accordance with applicable parts of Section 550 of the Standard Specifications for Road and Bridge Construction, applicable sections of the current edition of the IEPA Regulations (Title 35 of the Illinois Administrative Code, Subtitle F, Chapter II, Section 653.119), the applicable sections of the most current edition of the Standard Specifications for Water and Sewer Main Construction in Illinois, and as herein specified.

Storm sewer shall be constructed of PVC pipe equivalent to water main standards of construction. Plastic pipe shall be marked with the manufacturer's name; ASTM or AWWA specification, schedule number, dimension ratio number or standard dimension ratio (SDR) number, and cell class. The pipe and fittings shall also meet NSF Standard 14, and bear the NSF seal of approval. Fittings shall be compatible with the type of pipe used. This work shall be measured and paid for at the contract unit price per FOOT of the diameter and type specified.

Traffic Control (Lump Sum) – This work shall consist of the furnishing, installation, maintenance, relocation, and removal of the equipment, supplies, and the necessary materials to provide traffic control to the project, including the signage for the sidewalk closures. The contractor shall follow the IDOT Standard Specifications for the Road and Bridge Construction Section 701 for traffic control. Temporary closures of Court Street will be permitted for installation of storm sewer.

Mobilization (Lump Sum) – This work shall consist of preparatory work and operations necessary for the movement of personnel, equipment, supplies, incidentals to the project site, facilities necessary for the work on the project and for all other work or operations which must be performed or cost incurred when beginning work on the project.

SPECIAL PROVISIONS

The following Special Provisions supplement the "Standard Specifications for Road and Bridge Construction," adopted April 1, 2016 and the latest edition of the "Illinois Manual on Uniform Traffic Control Devices for Streets and Highways" in effect on the date of invitation for bids. These special provisions included herein apply to and govern the proposed improvement and in case of conflict with any part or parts of said specifications, said special provisions shall take precedence and shall govern.

CONTRACTOR INFORMATION:

The selected contractor shall supply the following to the municipality within one week of being selected.

- Certificate of insurance; minimum \$1,000,000 coverage
- One year warranty on all completed work to be delivered to municipality.
- Day and night phone numbers for the contractor's representative
- Certified Weekly Payrolls and Monthly Equal Employment Opportunity Reports
- Start and completion dates

PREVAILING WAGE:

Contractor shall not pay less than the prevailing rates of wages to all laborers, workmen, and mechanics performing work under this contract, and shall comply with the requirements of the Illinois Wages of Employees on Public Works Act (820 ILCS 130/1-12).

SCHEDULE OF CONSTRUCTION:

Contractor will coordinate with the Engineer prior to beginning any work. A preconstruction meeting will be held prior to any work being performed. This meeting will be scheduled following the award of the project.

RIGHTS OF THE MUNICIPALITY:

The Municipality reserves the right to increase or decrease quantities at the unit price bid and/or delete any item completely.

MAILBOXES AND SIGNS:

Any mailboxes or signs that require removal must be replaced at their exact locations. This work and all materials required to perform this work shall be included in the price of the contract.

SEEDING/EROSION CONTROL:

Any seeding and erosion control required because of disturbance by construction shall be completed under Engineer's direction. This work and all materials required to perform this work is minimal and shall be incidental to the contract.

PUBLIC SAFETY AND CONVENIENCE:

The contractor shall at all times conduct his work so as to ensure the least possible obstructions to traffic and inconvenience to the general public and the residents in the vicinity of the work, and to insure the protection of persons and property in a manner satisfactory to the Engineer. No road or street shall be closed to the public except with the permission of the Engineer and proper governmental authority. Fire hydrants on or adjacent to the work shall be kept accessible to fire-fighting equipment at all times. The contractor is responsible for maintaining all traffic guidance or detours within his project area.

PAYMENTS:

Payments will be made at the completion of the repairs and will require documentation of material tickets of all aggregate and concrete, bill of lading for the pipe, and certified payrolls.

NOTE: CONTRACTOR SHALL PATCH ALL UTILITIES IN AREA OF MANHOLE, INCLUDING EXISTING SEWER, TO DETERMINE EXACT DEPTHS AND LOCATIONS PRIOR TO ORDERING PRECAST MANHOLE.

Explanations TAZEWELL COUNTY

ASBESTOS - See Laborers

CARPENTERS (NORTH) - That part of the county North including the towns of Marquette Hts., Morton, Creve Coeur and Deer Creek.

LABORERS (NORTHWEST) - The area bounded by the old city limits of East Peoria.

MILLWRIGHTS - See Carpenters PILEDRIVERS - See Carpenters

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

Oil and chip resealing (O&C) means the application of road oils and liquid asphalt to coat an existing road surface, followed by application of aggregate chips or gravel to coated surface, and subsequent rolling of material to seal the surface.

EXPLANATION OF CLASSES

ASBESTOS - GENERAL - removal of asbestos material/mold and hazardous materials from any place in a building, including mechanical systems where those mechanical systems are to be removed. This includes the removal of asbestos materials/mold and hazardous materials from ductwork or pipes in a building when the building is to be demolished at the time or at some future date.

ASBESTOS - MECHANICAL - Removal of asbestos material from mechanical systems, such as pipes, ducts, and boilers, where the mechanical systems are to remain.

CERAMIC TILE FINISHER, MARBLE FINISHER, TERRAZZO FINISHER

Assisting, helping or supporting the tile, marble and terrazzo mechanic by performing their historic and traditional work assignments required to complete the proper installation of the work covered by said crafts. The term "Ceramic" is used for naming the classification only and is in no way a limitation of the product handled. Ceramic takes into consideration most hard

tiles.

ELECTRONIC SYSTEMS TECHNICIAN

Installation, service and maintenance of low-voltage systems which utilizes the transmission and/or transference of voice, sound, vision, or digital for commercial, education, security and entertainment purposes for the following: TV monitoring and surveillance, background/foreground music, intercom and telephone interconnect, field programming, inventory control system microwave transmission, multi-media, multiplex, radio page, school, intercom and sound burglar alarms and low voltage master clock systems.

Excluded from this classification are energy management systems, life safety systems, supervisory controls and data acquisition systems not intrinsic with the above listed systems, fire alarm systems, nurse call systems and raceways exceeding fifteen feet in length.

TRUCK DRIVER - BUILDING, HEAVY AND HIGHWAY CONSTRUCTION Class 1. Drivers on 2 axle trucks hauling less than 9 ton. compressor and welding machines and brooms, including those pulled by separate units, truck driver helpers, warehouse employees, mechanic helpers, greasers and tiremen, pickup trucks when hauling materials, tools, or workers to and from and on the job site, and fork lifts up to 6,000 lb. capacity.

Class 2. Two or three axle trucks hauling more than 9 ton but hauling less than 16 ton. A-frame winch trucks, hydrolift trucks, vector trucks or similar equipment when used for transportation purposes. Fork lifts over 6,000 lb. capacity, winch trucks, four axle combination units, and ticket writers.

Class 3. Two, three or four axle trucks hauling 16 ton or more. Drivers on water pulls, articulated dump trucks, mechanics and working forepersons, and dispatchers. Five axle or more combination units.

Class 4. Low Boy and Oil Distributors.

Class 5. Drivers who require special protective clothing while employed on hazardous waste work.

TRUCK DRIVER - OIL AND CHIP RESEALING ONLY.

This shall encompass laborers, workers and mechanics who drive contractor or subcontractor owned, leased, or hired pickup, dump, service, or oil distributor trucks. The work includes transporting materials and equipment (including but not limited to, oils, aggregate supplies, parts, machinery and tools) to or from the job site; distributing oil or liquid asphalt and aggregate; stockpiling material when in connection with the actual oil and chip contract. The Truck Driver (Oil & Chip Resealing) wage classification does not include supplier delivered materials.

CLASS 2. Bulker & Pump; Power Launches; Boring Machine & Pipe Jacking Machine; Dinkeys; Operation of Carts, Powered Haul Unit for a Boring Machine; P & H One Pass Soil Cement Machines and Similar Types; Wheel Tractors (Industry or Farm Type - Other); Back Fillers; Euclid Loader; Fork Lifts; Jeep w/Ditching Machine or Other Attachments; Tunnelugger; Automatic Cement & Gravel Batching Plants; Mobile Drills - Soil Testing and Similar Types; Pugmill with Pump; All (1) and (2) Drum Hoists; Dewatering System; Straw Blower; Hydro-Seeder; Bump Grinders (self-propelled); Assistant Heavy Equipment Greaser; Apsco Spreader; Tractors (Track-Type) without Power Units Pulling Rollers; Rollers on Asphalt - Brick or Macadam; Concrete Breakers; Concrete Spreaders; Cement Strippers; Cement Finishing Machines & CMI Texture & Reel Curing Machines; Vibro-Tampers (All Similar Types Self-Propelled); Mechanical Bull Floats; Self-Propelled Concrete Saws; Truck Mounted Power Saws; Operation of Curb Cutters; Mixers - Over Three (3) Bags; Winch and Boom Trucks; Tractor Pulling Power Blade or Elevating Grader; Porter Rex Rail; Clary Screed; Mule Pulling Rollers; Pugmill without Pump; Barber Greene or Similar Loaders; Track Type Tractor w/Power Unit attached (minimum); Fireman; Spray Machine on Paving; Curb Machines; Paved Ditch Machine; Power Broom; Self-Propelled Sweepers; Self-Propelled Conveyors; Power Subgrader; Oil Distributor; Straight Tractor; Truck Crane Oiler; Truck Type Oilers;

Directional Boring Machine; Horizontal Directional Drill; Articulating End Dump Vehicles; Starting Engineer on Pipeline or Construction (6 -10 pieces) including: Air Compressor (Trailer Mounted), All Forced Air Heaters (regardless of Size), Water Pump (Greater than 4-1/2" or Total Discharge Over 4-1/2"), Light Plants, Generators (Trailer Mounted - Excluding Decontamination Trailer), Welding Machines (Any Size or Mode of Power), Conveyor, Mixer (any size), Stud Welder, Power Pac, etc., and Ground Heater (Trailer Mounted).

CLASS 3. Straight Framed Truck Mounted Vac Unit (separately powered); Trac Air Machine (without attachments); Rollers - Five Ton and Under on Earth and Gravel; Form Graders; Bulk Cement Plant; Oilers; and Starting Engineer on Pipeline or Construction - 5 pieces) including: Air Compressor (Trailer Mounted), All Forced Air Heaters (regardless of Size), Water Pumps (Greater than 1/2" or Total Discharge Over 4-1/2"), Light Plants, Generators (Trailer Mounted - Excluding Decontamination Trailer), Welding Machines (Any Size or Mode of Power), Conveyor, Mixer (any size), Stud Welder, Power Pac, etc., and Ground Heater (Trailer Mounted).

Other Classifications of Work:

For definitions of classifications not otherwise set out, the Department generally has on file such definitions which are available. If a task to be performed is not subject to one of the classifications of pay set out, the Department will, upon being contacted state which neighboring county has such a classification and provide such rate, such rate being deemed to exist by reference in this document. If no neighboring county rate applies to the task, the Department shall undertake a special determination, such special determination being then deemed to have existed under this determination. If a project requires these, or any classification not listed, please contact IDOL at 217-782-1710 for wage rates or clarifications.

LANDSCAPING

Landscaping work falls under the existing classifications for laborer, operating engineer and truck driver. The work performed by a landscape plantsman and landscape laborer is covered by the existing classification of laborer. The work performed by landscape operators (regardless of equipment used or its size) is covered by the classifications of operating engineer. The work performed by landscape truck drivers (regardless of size of truck driven) is covered by the classifications of truck driver.

REQUEST FOR COUNCIL ACTION

Agenda Date: September 8, 2020
To: Council Members
From: David Bess, CDBG Program Manager

AGENDA ITEM: Resolution No. 162-20/21 Authorizing COVID-19 Small Business Assistance Grants Round Three

ACTION REQUESTED: Approve and Adopt the Resolution.

DESCRIPTION: On April 13, 2020, the City of Pekin repurposed up to \$1,000,000 of its Community Development Block Grant (“CDBG”) allocations to provide grant assistance (the “COVID-19 Small Business Grant Program”) to small businesses within the city impacted by the COVID-19 pandemic. The City then undertook two successive rounds of grant applications for businesses to apply.

On August 10, 2020, the City Council agreed to amend the CDBG-funded grant assistance to small businesses allocation amount to \$886,000. A third grant application period was provided from August 14, 2020 through August 28, 2020. Attached is a resolution awarding grant funds under previously established rules, regulations and conditions of the COVID-19 Small Business Grant Program to businesses that applied during the third grant application period.

All qualified small businesses eligible to receive a grant are listed in Exhibit A. If the attached resolution is approved, funds would be made available to such businesses starting September 9, 2020, provided that all appropriate documentation is submitted to the satisfaction of city staff administering the COVID-19 Small Business Grant Program. Of the amended funding amount of \$886,000 available for COVID-19 Small Business Grants, \$328,000 remains as available for re-allocation should this resolution be approved.

RELATED TO THE 2019-2021 CITY COUNCIL GOALS:

5 Year CIP. The Five-Year Capital Improvement Plan reflects all current and future capital improvement needs of the City of Pekin. The Plan is designed to be updated annually by staff and submitted to the Council for review and approval prior to the annual budget process.

Enhance Code Enforcement Services. The Council understands the importance of a strong Code Enforcement Program in that it has an impact on many facets of living and doing business inside the City of Pekin.

Business Friendly Community. The Council strives to bring new businesses to Pekin while helping to maintain and expand all existing businesses. It is therefore essential to work cooperatively to make Pekin a “Business-Friendly” Community.

Efficient and Effective Municipal Operations. A fundamental responsibility of elected officials, City Staff and Employees is the exercise of good stewardship over public funds. Therefore, it is important that municipal services be delivered with maximum efficiency and effectiveness.

Employee Residency. It is the goal of the Council to develop a policy that encourages more full-time non-union employees who participate in a City funded pension program to reside within the city limits of

Pekin.

REQUEST FOR COUNCIL ACTION

Agenda Date: September 8, 2020
To: Council Members
From: John Dossey, Police Chief

AGENDA ITEM: Resolution No. 163-20/21 Update Police Vehicle Lease and Outfitting Police Vehicles Through Enterprise

ACTION REQUESTED: Approve and Adopt the Resolution.

DESCRIPTION: The City Council has previously agreed to lease 10 new police vehicles from Enterprise. Part of the lease agreement covered the equipment outfitting for the new vehicles. However, staff used estimates for equipment outfitting based on the reuse of existing cages and other equipment from a vehicle model that is different from the model they will be receiving from Enterprise. The new models from Enterprise will require a complete new outfitting, resulting in an additional cost of \$68,695.90 for 10 vehicles (outlined below).

Quote #	Estimated Amount	Actual Amount	Cost Difference	Quantity	By Quantity
4664306	\$5,350.00	\$12,033.25	\$6,683.25	5	\$33,416.25
4674335	\$5,350.00	\$12,260.25	\$6,910.25	3	\$20,730.75
4674342	\$5,350.00	\$12,624.45	\$7,274.45	2	\$14,548.90

TOTAL \$68,695.90

This expense can be paid out of a \$220,000 credit that the City has on balance with Enterprise after Enterprise purchased and started managing the City's existing police fleet vehicles. The lease expense for this fiscal year will remain the same but future years will have a higher lease costs as there will be less credit to apply in those years. The City will appropriately budget for those increased costs in future fiscal years.

Staff recommends approval.

FINANCIAL IMPACT:

Requested Amount: Up to \$70,000 from the credit held with Enterprise.

Line Item: N/A

Budgeted Amount: N/A

Remaining Funds: N/A

IMPACT IF APPROVED: Vehicles would be properly equipped and safe per operating standards.

IMPACT IF DENIED: Vehicles would be missing critical equipment and without the equipment, the City could have a potential liability risk.

AGENDA ITEM: Ordinance No. 2895-20/21 Directing the Sale of City Owned Real Estate

ACTION REQUESTED: Approve and Adopt the Ordinance.

DESCRIPTION: The City currently has several independent parties interested in various excess city owned property. Per state law, municipalities wishing to sell or lease real estate first have to pass an ordinance directing the sale or lease (see (65 ILCS 5/11-76-2). Once this ordinance is passed, the City will then establish a sealed bid process and request for proposals. The City will also have to publish a notice three times for three successive weeks in a newspaper of general circulation that the City is taking bids. Sealed bids would then be opened up at a subsequent city council meeting.

The attached ordinance therefore seeks to start the sale, lease and bid process of the following excess parcels:

04-04-34-419-001	City owned land at corner of Ann Eliza and N 2 nd St.
04-04-35-327-016	City owned parking lot at Ann Eliza and N 4 th St.

ORDINANCE NO. _____**AN ORDINANCE CREATING A GENERAL BUSINESS LICENSE
FOR THE CITY OF PEKIN, ILLINOIS**

WHEREAS, the City of Pekin is a home rule municipality as described in Section 6(a), Article VII of the 1970 Constitution of the State of Illinois; and

WHEREAS, the City of Pekin, as a home rule municipality, may exercise power and perform any function pertaining to its government and affairs, including, but not limited to, the power to legislate for the protection of the public health, safety, and welfare; and

WHEREAS, it is necessary for the City to implement a business registration program to ensure that the City has knowledge of all businesses operating in the City for communication and service delivery purposes; and

WHEREAS, the creation of a business registration program will assist the City's Police and Fire Departments in responding to accidents, natural disasters, criminal activity, and other emergencies; and

WHEREAS, the City Council of the City of Pekin finds that the creation of a business registration program will serve the public interest by providing valuable economic data about the City; facilitating the provision of notices to business regarding City programs and services; and facilitating compliance with zoning, property maintenance, and building codes; and

WHEREAS, the City Council of the City of Pekin finds it is in the best interests of the City, its business community, and its residents to create a business registry as herein provided.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF PEKIN, TAZEWELL COUNTY, ILLINOIS, THAT:

Section 1. The findings and recitations set forth above are adopted and found to be true and correct.

Section 2. Purpose. Because each commercial establishment located in the City is a central part of and affects the physical and economic well-being of the City, necessitating services from the City in the form of building, health, public safety, and other services, it is in the best interest of the physical and economic interests of the City that all commercial establishments register with the City as provided herein. The purpose of this ordinance is to create a registry to provide the means whereby the City may render services to commercial establishments and commercial activities in order to promote, protect, and safeguard the public health, safety, and welfare of the residents and consumers of the City and to enable the effecting of an accurate record of commercial establishments located and carrying on commercial activities or commerce within the City.

Section 3. Definitions. The following words, terms and phrases, when used in this Ordinance, shall have the meanings ascribed to them in this Ordinance, except where the context clearly indicates a different meaning:

“Business” means a calling, occupation, profession, or activity engaged in with the object of gain, benefit or advantage, either directly or indirectly, at a physical location within the City of Pekin.

“Charitable Organization” means an organization that is determined by the Internal Revenue Service to be exempt from Federal income taxes under 26 USC § 501(c)(3), (4), (6), (7), (8), (10), or (19).

“Person” means any individual, firm, association, partnership, corporation, trust or any other legal entity.

Section 4. Registration Required.

A. Businesses subject to registration. Every person conducting any type of business from a physical location within the City shall be required to complete and file a business registration form on an annual basis for each business conducted, except as herein provided.

B. Multiple Locations. Where a business operates out of two or more physical locations within the City, or where a person operates multiple businesses, a separate registration is required for each physical location and/or business within the City.

C. Exceptions. The following businesses shall be exempt from the requirements of this Ordinance:

1. A “home occupation” as defined in the City Zoning Code;
2. A governmental unit;
3. A public utility or cable television company which is subject to regulation by the Federal Communications Commission or the Illinois Commerce Commission and which operates in the City pursuant to a franchise agreement with the City; and
4. Persons in residential zoning districts holding garage sales in conformance with the City Zoning Code.

Section 5. Registration Form. All registrations required by this Ordinance shall be completed using an Internet based registration form available on the City’s website.

A. Registration forms shall contain the following information:

1. If the business is a sole proprietorship, the name, date of birth, residential address, email address, and residential telephone number of the sole proprietor.
 2. If the business is a partnership or other non-corporate business entity, the name, date of birth, and residential address, email address, and residential phone number of each partner, principal, or member.
 3. If the business is a corporation, the name, date of birth, and residential address and residential phone number of each principal officer, the name, address, and phone number of the corporation's registered agent, and the name, address, email address, and phone number of the businesses primary contact.
- B. Each registration form shall also contain:
1. The location or proposed location of the business.
 2. The phone number of the business.
 3. Emergency contact and safety information.
- C. Any person required to register a business shall file a registration form with the City not less than ten (10) days prior to the time said person intends to commence the business operation. Thereafter, a renewal registration form shall be filed on or before April 30th for each year the registered business continues. Businesses in existence at the date of adoption of this Ordinance must submit their initial registration form on or before December 31, 2020. There shall be no fee for registering a business as required by this Ordinance.
- D. Businesses shall notify the City of any changes to the registration information required herein within 10 days of such change.

Section 6. Certificate and Posting. Upon receipt of a registration application, the City shall provide the business a certificate of registration, which must be posted at all times in a prominent place at the physical location of the business. A certificate of registration only represents that the business has registered with the City as herein provided, and does not speak to the lawfulness and/or licensure of the business. No person shall alter, deface, forge, or counterfeit any certificate of registration issued by the City.

Section 7. False Application Unlawful. It shall be unlawful for any business subject to the provisions of this Ordinance to submit a false registration for a business, or to give or file, or to direct the giving or filing of, any false information with respect to the registration required by this ordinance.

Section 8. Compliance with City Code. Nothing herein shall be construed to excuse any business registered as required herein from compliance with any other provision of the Pekin City Code.

Section 9. Certificate not Assignable. No certificate of registration may be assigned, sold, loaned, transferred, used as collateral, or otherwise encumbered. No person, firm, or corporation shall use or display any certificate of registration which has been improperly acquired

Section 10. Penalties. Any person who shall violate any provision of this Ordinance, including the failure to register or to renew a registration as required in Section 4 hereof, shall be subject to a fine of not less than \$75 nor more than \$500. Each day that a violation continues shall constitute a separate offense.

Section 11. This Ordinance is hereby ordered to be published in pamphlet form by the City Clerk and said Clerk is ordered to keep at least three (3) copies hereof available for public inspection in the future and in accordance with the Illinois Municipal Code.

Section 12. This Ordinance is in addition to all other ordinances on the subject and shall be construed therewith excepting as to that part in direct conflict with any other ordinance, and in the event of such conflict, the provisions hereof shall govern.

Section 13. This Ordinance shall be in full force and effect from and after its passage, approval and ten (10) day period of publication in the manner provided by law.
