COMMUNICATIONS, PETITIONS, REPORTS

Greg Ranney, Director of Public Property, presented retired employees Sue Thompson, Sandy Peeler, and Elaine Ritchey with watches from the City. Mayor Dunn and Mr. Ranney read from awarded plaques of the 30 plus years of each employee's service and dedication to the City.

Police Chief Timothy Gillespie presented the Police Department Year End Report. He indicated to Council that he intended to report to them one aspect from the report. He then introduced Deputy Chiefs Ted Miller and Greg Nelson for the presentation on Crime Rate and the goals of the department to reduce crime in the City. In a PowerPoint presentation they indicated that statistics showed the City was holding its own in comparison to surrounding cities. It was the intention of the department to be proactive and would be updating their 5 year Policing Plan in the coming year.

NEW BUSINESS

Public Works Director Joe Wuellner addressed the first three projects in combination. He advised that Pekin took the lead in a joint agreement with 2 municipalities. The agreements included terms and quantity of streets for the 2 communities that were included in the specification for bidding surface recycling. American Asphalt was the lone bidder but had completed the work in previous years. Mr. Wuellner estimated over a \$10,000 savings in costs by having a joint agreement. The contractor would only mobilize the equipment to the area once.

Motion by Council Member Kortkamp, seconded by Council Member Abel, that the **INTERGOVERNMENTAL AGREEMENT WITH THE CITY OF EAST PEORIA FOR HEAT AND SCARIFY**, be approved. On roll call vote, all present voted Aye

Motion by Council Member Abel, seconded by Council Member Blanchard, that the **INTERGOVERNMENTAL AGREEMENT WITH THE CITY OF WASHINGTON FOR HEAT AND SCARIFY** be approved. On roll call vote, all present voted Aye

Motion by Council Member Abel, seconded by Council Member Strand, that the bid for **HEAT AND SCARIFY STREET PROJECT BE ACCEPTED IN THE AMOUNT OF \$295,824.75 AND THE CONTRACT BE AWARDED TO AMERICAN ASPHALT SURFACE RECYCLING, INC.** Council was told the Street Department had utilized the process in the past on streets with excessive stress cracks to extend the life of the pavement. The contract, which included East Peoria and Washington streets by agreement, would cover Parkway and Broadway surfaces in Pekin. On roll call vote, all present voted Aye.

Motion by Council Member Abel, seconded by Council Member Strand, that the **AGREEMENT WITH ILLINOIS DEPARTMENT OF TRANSPORTATION FOR MAINTENANCE OF MUNICIPAL STREETS ON STATE HIGHWAYS** in the amount of \$78,797.57 be approved. Council was advised the funds received were the annual 12-month increment of a contract through June 30, 2015 with IDOT for the reimbursement to the City for maintenance provided by the Street Department on State Highways. The computation for the period of July 1, 2009 to June 30, 2010 is \$78,797.57 and is an increase from FY 2008 of 12% totaling \$8,644.71. Superintendent David Pagliaro was credited with receiving the increased dollars following direction from Council last year and IDOT's review of the street list and computation. On roll call vote, all present voted Aye.

Motion by Council Member Strand, seconded by Council Member Kortkamp, that the **AMENDMENT TO RIGHT-OF-WAY AGREEMENT WITH JAMES W. FARRELL AND SUSAN R. FARRELL TRUST** in the amount of \$7,800.00 be approved. (note: 5/7/09 \$7,200) The amendment lowered an amount in the original agreement dated June 14, 2007 for the City of Pekin to re-do the signs in front of Mid West Eye Care at Parkway and Broadway Intersection. On roll call vote, all present voted Aye.

Motion by Council Member Strand, seconded by Council Member Abel, that the **AMENDMENT TO FY 09 DOWNTOWN OPERATING ASSISTANCE GRANT AGREEMENT NO. 3797 WITH THE ILLINOIS DEPARTMENT OF TRANSPORTATION FOR AN INCREASE OF THE MAXIMUM CONTRACT AMOUNT TO \$639,925.00.** be approved. Council adopted Resolution No. 68 authorizing the original agreement dated January 20, 2009. Greg Ranney Director of Transportation reported that the amendment was an increase of the maximum contract amount from \$343,194 to \$639,925 for the 2009 operations of the Pekin Municipal Bus operations and partial funding to City Link for contract services. The additional funds would give the department the opportunity to address some of the ADA and timing issues brought to Council by a bus patron at the last meeting. On roll call vote, all present voted Aye.

Motion by Council Member Strand, seconded by Abel, that the **HVAC MAINTENANCE CONTRACT WITH XCELL MECHANICAL SYSTEMS TO EXERCISE OPTION YEAR 2009-2010 IN THE AMOUNT OF \$8,159.00 AND OPTION YEAR 2010-2011 IN THE AMOUNT OF \$8,362.00,** be approved. Greg Ranney Director of Public Property advised the Council that the City of Pekin, since bidding the work in 2005 at \$7,960.00, had a heating and air conditioning contract with EXCELL Mechanical Systems, which provided for one-year options after 3 years. A recommendation was made to exercise the two option years because of EXCELL's performance. Council questioned and it was explained that the City Inspectors could not be used to do the work and then inspect their own work. On roll call vote, all present voted Aye.

Motion by Council Member Blanchard, seconded by Council Member Kortkamp, that the **ILLINOIS DEPARTMENT OF TRANSPORTATION LETTER OF UNDERSTANDING FOR PAVEMENT IMPROVEMENTS ON ROUTES 9 & 29,** be approved. Public Works Director Joe Wuellner told Council there was no cost to the City for this work. The understanding was to return the maintenance of the highways back to the City once the project was completed from the State Minnie Capitol Bill. Council requested that the public be updated during June construction start on road closures and delays. On roll call vote, all present voted Aye.

Motion by Council Member Blanchard, seconded by Council Member Abel, that the **CONTRACT EXTENSION AGREEMENT THROUGH MAY 31, 2009 BETWEEN THE CITY OF PEKIN AND THE TEAMSTERS, CHAUFFEURS, AND HELPERS LOCAL NO. 627 GENERAL UNIT,** be approved. City Manager Dennis Kief advised the Council that negotiations were going well but all matters had not been settled. He requested the approval of a one-month extension of existing Teamster's General Unit Contract to May 31, 2009. On roll call vote, all present voted Aye.

ANY OTHER BUSINESS TO COME BEFORE THE COUNCIL

Council Member Kortkamp noted the recognition attributed to Pekin Main Street in receiving their 2009 Accreditation as a National Program.

Council Member Blanchard requested the staff to evaluate the possibility to live stream the Council Meetings on the Government Channel.

Council Member Abel indicated he had received public input on the amount of potholes and the deteriorating conditions of Court Street and was grateful that the State had contracted the improvement of the State highway with appropriated stimulus funds.

Mayor Dunn announced the AMBUC's Auction to be held Friday, May 1, 2009. He also informed the public of vacancies on some of the City committees and boards and encouraged citizens to apply for the appointments.

Council recognized the team of people attending the meeting that were involved in the economic commitment of revitalizing the lower block of downtown Court Street with private businesses. The group was in the process of promoting an established plan, which involved the possibility of TIF funding.

Public Property Director Greg Ranney presented photos of the vandalism that had already taken place at the riverfront restrooms. He urged the community's support in reporting these crimes to the police.

City Manager Dennis Kief noted the dedication of Council Member Jones not only to the City as a Council Member but also his contribution as a Planning Commission Member and credited the continued efforts to update the City's comprehensive planning to him.

Steve Hymbough 8481 North Wildlife Drive, Hopedale, addressed Council on his possible purchase of the Dragon's Dome with the intention of moving Towerline Speedway to the facility and creating a sports entertainment complex. He felt with proper management and the City's help the property could become a tourism niche. He invited Council to discuss the plan with him. Mike Hymbough of Baton Rouge, Louisiana spoke in support of the proposed efforts.

Leigh Ann Mathews, Main Street Director, expressed appreciation for the support of the Council in the Downtown Revitalization Plan and encouraged the community to get involved.

EXECUTIVE SESSION

Motion by Council Member Blanchard, seconded by Council Member Abel, that the **Council move to Executive Session** at 6:45 P.M. to discuss 5 ILCS 120/2 (c.) 2. Collective Bargaining and 5 ILCS 120/2 (c) 1. Personnel and 6. Sale of Municipally Owned Real Estate. On roll call vote, all present voted Aye.

No further business to come before the Council, in open session, Mayor Dunn called the meeting closed.

CITY OF PEKIN TRAFFIC SAFETY COMMITTEE MINUTES

MAY 1, 2009 @ 8:30 a.m.

CITY HALL CONFERENCE ROOM

PRESENT: Joe Wuellner, Tim Gillespie, Denny Kief, Will Taylor. Also present, Lee Ann Wrhel and Kyle Peebles (from State Representative Mike Smith's office)

Old Business:

1. *Restricted Parking Pass.*
2. *Traffic Speed on Valle Vista at Summit Drive*
Jake Swearingen of 1811 Valencia Place, (241-4063) representing his grandmother at 1621 Summit Drive came back to the meeting this month to hear the results and decision regarding their stop sign request at this location. The traffic counters and speed spy were placed at this location and do not indicate a speeding problem in the area. Denny Kief presented a motion, seconded by Will Taylor, that due to the lack of accidents and speeding indicated by the monitors in this location, the request for stop signs at this location is being denied. All in favor. It was duly noted that stop signs are not used for speeding enforcement. The police department will do directed enforcement patrols at this location.
3. *Parking Sign at Derby and Hoff*
Will Taylor has talked to the citizen who presented this concern to the Traffic Safety Committee last month. He suggested that she call if she sees vehicles illegally parked in this location.
4. *Downtown Parking Meters*
The pros and cons of downtown parking meters was discussed. Before pursuing this further, Joe will contact Leigh Ann Matthews of Pekin MainStreet to have her talk to the downtown merchants to get their input.
5. *Lighting Options on Parkway at Coal Miner's Park*
The committee received a quote from Schwartz Electric for the installation of a flashing light over the crosswalk at the entrance to Coal Miners Park on Parkway Drive to slow down traffic. Speeding is still an issue at this location. Denny Kief made a motion to make a recommendation to City Council to install the flashing light over the crosswalk at the entrance to Coal Miners Park on Parkway Drive as quoted by Schwartz Electric. The Pekin Park District has agreed to provide electric power to the light. The motion was seconded by Will Taylor. All in favor.

New Business:

1. *Visibility at Court Street and Fifth Street*
A review of the aerial map of this area shows that the stop line on Fifth Street southwest bound at Court Street is farther back from the intersection than the lines on the streets on either side in the same area. Tim Gillespie presented a motion to move the line forward toward the intersection for increased visibility. Joe Wuellner seconded the motion. All in favor.
2. *Traffic Concern at 1801 Tharp*
There was a discussion regarding vehicles driving into the yard at this address. The Street Department will install more chevrons in this location. Joe Wuellner will discuss the curb issue at this location with Dave Pagliaro.

Around the Table

Joe Wuellner distributed an architect's drawing of the Pekin Park District's idea for diagonal parking on 9th Street at James Field. The Park District will have a revision drawn up and get back to Joe. Denny Kief made a motion to approve diagonal parking on 9th Street between Broadway and Court Street as presented by the Pekin Park District. The Park District will pay for all the work involved to construct the parking area. The motion was seconded by Tim Gillespie. All in favor.

The committee discussed the maintenance of stop signs on non-city property that control access to city streets. The committee members are in agreement that in order to maintain public safety the property owner must install the original sign and the City of Pekin would maintain the sign. The locations currently being discussed are Cherry Lane at 14th Street and the sign on the public right of way coming out of Menards onto Veterans Drive.

Will Taylor made a request to have Joe Wuellner contact IDOT regarding the traffic signal synchronization on Second Street at Ann Eliza and Margaret Streets. Joe stated that IDOT is aware and it is a work in progress.

Will Taylor asked about the status of the signage to control the lane usage coming out of Court Side Village onto Court Street. Joe will check the status.

Denny Kief led a discussion regarding the property in Riverview Business Park that is located at Second Street and Koch Street. Would IDOT allow direct access from that location onto Second Street? Joe Wuellner will check with IDOT on this subject.

Respectfully Submitted,
Lee Ann Wrhel

Pekin Tourism Committee Meeting

Tuesday, May 5, 2009

Email Attendance Committee Members: Emily Lambe; Dennis Kief, Steve Brown, Pamela Anderson and Charlotte Jibben

New Business:

McNaughton Park Trail Run Grant – the past two years they've been awarded \$5,000, which needs Council approval. Since the guidelines were changed with the grant application process Steve did some figures and came up with \$3,496.25.

Denny made a motion to accept the \$3,496.25, seconded by Emily. All in favor, Pam opposed, motion passed.

Discussion: Pam stated this is a case by case and doesn't think this follows the intent by the revised grant application. What shouldn't be allowed on their list?

Abe Lincoln – Tazewell County Museum Grant – Steve will abstain from voting on this since he is part of the Committee. Steve did explain the grant proposal. Could not justify the amount that was donated back to the Tazewell County Museum. Minus that amount the figures show \$2,397.39 and a 1/3 would equal \$799.10. Denny made a motion to award the grant amount of \$799.10, seconded by Emily. All in favor, motion passed.

Chad Mentzer: Chad updated the Committee on different events that could be brought to Pekin. The Catfish Tournament – Cabela's King Kat Trail – Paula will send it out in PDF form for the Committee. \$4,000 cost to host a qualifier event. Cost to host the Cabela's King Kat Trail Classic would be \$50,000, plus a banquet for up to 450 anglers, staff, sponsors and press. The qualifier will be a two-day event.

Chad and Steve talked with Paula Davis at Pekin Community High School District 303 on the USA Cheer and the Rugby. – both would be a good fit for Pekin High. Ms. Davis was concerned about the football fields being torn up on the Rugby event. Was very favorable on the USA Cheer. Chad will contact Linda Barclay to make an application for Pekin to host this event.

Other events: Muddy Buddy – a cycling and running event with a wet course. Would need an open field, not much money to qualify for this event. Pam suggested using the field across the river.

Roller event in Peoria at the Peoria Civic Center: USA Roller Sports, 3 week long event. \$230,000 bid fee, rec'd \$100,000 State grant, over 7,000 hotels needed.

Hooter's Golf Classic – Denny asked if we were still in the running to qualify for this event. Interested for next year. Chad will follow-up in June, 2009 to check for next year.

Pam made a motion to adjourn, seconded by Denny. All in favor. Motion passed.

Adjourned: 4:40pm Next meeting June 16th at 4:00pm in the West Conference Room

Mr. Dennis Kief
Pekin City Manager
Pekin, IL. 61554

Dear Mr. Kief,

I hereby submit to you the Pekin Fire Department April 2009 report, plus a summary of March 2009.

Charles E. Lauss
Fire Chief
City of Pekin

During the month of April 2009, the Pekin Fire Department responded to 313 calls, total dollar loss was \$1,050.00.

During the month of April 2009 (approximately 68.58%) were emergency medical calls, 99 were automatic fire alarms, service calls, small hazardous conditions involving no fire, false alarms.

During the month of March 2009, the Pekin Fire Department responded to 346 calls, total dollar loss was \$38,750.00.

During the month of March 2009 (approximately 66.08%) were emergency medical calls, 118 were automatic fire alarms, service calls, small hazardous conditions involving no fire, false alarms.

On April 8, 2009 Fire Fighters responded to a grass fire close to a house at 813 Chestnut Street. Upon arrival, we found a minimal amount of grass on fire following the burning of the entire front lawn of approximately a 60X20 area. After extinguishing the fire, an investigation found a broken lighter near the front porch, a box of wooden matches on the sidewalk in front of the home, burned newspapers on the front porch, and an exploded aerosol can next to the front porch, in a bush. There was a burnt bush and scorching of the siding on the home next to the front porch. We found the children who lived in the home, in the neighbor's lawn. The kids' parents were both at work, and the children initially denied any involvement. Police officer was called to the scene and an interview ensued. Total dollar loss was approximately \$200.00.

On April 14, 2009 Fire Fighters responded a building that was struck by a vehicle at 1401 Broadway. Upon inspection, the building had two cracks along the east side of structure one running entire length of building and the other one approximately half of building. Structure is a brick construction. Building appeared to be structurally sound. Inspections department was notified. Total dollar loss was approximately \$550.00.

On April 23, 2009 Fire Fighters responded to small fire at 1903 Court Street (PCHS). Upon arrival, maintenance personnel had extinguished the fire in a hallway heating unit in the northeast portion of the building, with a dry chemical extinguisher. Furnace motor had locked up and overheated. Hot wiring melted and ignited the furnace filter.

No alarm sounded and the school building was not evacuated. Total dollar loss was approximately \$300.00.

Total calls for the month of April was 313 and are as follows:

Fires	17
Rescue and EMS	214
Hazardous Materials	8
Other types of calls	74

Total dollar loss for the month of April was approximately \$1050.00

Total calls for the month of March was 346 and are as follows:

Fires	27
Rescue and EMS	228
Hazardous Materials	6
Other types of calls	85

Total dollar loss for the month of March was approximately \$38,750.00.

Dear Mayor Dunn and city council members,

My name is Matt Fisher; I started the Central Illinois Colon Cancer Fund in January of 2008. The reason I started this organization was because of on March 19th of 2007, my father passed of colon cancer. The mission of Ciccf is to raise funds locally for colon cancer research and awareness.

Last year on Fathers Day, Ciccf sponsored a car show at Our Inn Place, and had a raffle; I wrote a letter last year requesting a certificate of registration for a charitable event. Due to the unfortunate weather of that day, the car show was not much of a success. This year I would like to have a motorcycle show on Fathers Day June 21st and have a rain date of June 28th. I will be having a 50/50 raffle and silent auction. As mentioned in the previous paragraph, all the proceeds will be used locally for colon research and awareness. The event will take place at Hole in the Wall in Pekin. It would greatly appreciate for the approval of this charitable event. If you have any questions please feel free to contact me at 309-620-5410 or Ciccf43@yahoo.com.

Sincerely,

A handwritten signature in black ink, appearing to read 'Matt Fisher', with a stylized, overlapping flourish at the end.

Subject: Resignation

Dear Mr. Knautz,

In the past two years on the commission, I have learned quite a bit about how the City of Pekin's development and zoning is handled. It is my understanding that a City Council Member should not sit on a commission. As you know, I was recently elected to the City Council, and will be sworn in on May 11th. Our next Zoning meeting is scheduled for May 13th. I would have preferred to give this to you in person during our April meeting, however we did not have one.

Therefore, please accept my resignation from the Zoning Commission.

I look forward to reading your recommendations in our City Council meetings.

Thank you,

Chad Schmidgall

REQUEST FOR COUNCIL ACTION

To: Mayor and Council

CC: City Manager, City Clerk, Asst. Finance Director, City Attorney

From: Community Development Director

AGENDA ITEM: Accepting a grant from the Illinois Housing Development Authority's (IHDA) Single Family Owner-Occupied Rehabilitation (SFOOR) Program

AGENDA DATE REQUESTED: May 11, 2009

ACTION REQUESTED: Recommended Council approval of the \$168,000 (April 2009 – May 2010) IHDA SFOOR Grant

BACKGROUND: The City of Pekin has applied for and participated with the IHDA SFOOR program for the past 4 years. City staff applied for the grant in October and received approval of the grant in January 2009. Now, IHDA requires Council approval for the City of Pekin to receive the \$168,000 grant for single family owner-occupied rehabilitation of low to moderate income households. This program requires a house to be brought up to code and addresses lead.

FINANCIAL IMPACT: This is a grant from IHDA that is reimbursed based. A total of \$57,254 CDBG dollars have been allocated for additional dollars for this program. The City of Pekin general fund does front \$40,000 yearly to the HOME account based on the reimbursement requirement of the program. Each fiscal year, the HOME account general fund is reimbursed. There is no financial impact on the general fund for this program.

NEIGHBORHOOD CONCERNS: Owner-occupied rehabilitation will bring a home up to code. Therefore, the house will be safer. This will increase the homeowner's pride in their house and will encourage the homeowner to maintain their house. Ultimately, this upkeep mentality could have a ripple effect within the neighborhood.

IMPACT IF APPROVED: The City of Pekin will receive the IHDA SFOOR grant of \$168,000 for IHDA's fiscal year of April 2009 to March 2010.

IMPACT IF DENIED: The City of Pekin will NOT receive the IHDA SFOOR grant of \$168,000 for IHDA's fiscal year of April 2009 to March 2010.

ALTERNATIVES: none

RELATIONSHIP TO THE CONCEPTUAL PLANNING PROCESS: SFOOR activities are consistent with the following goals of the conceptual plan – a prosperous community, a strong foundation, a high quality of life and effective government. This grant also compliments the goals and performance measurements listed within the CDBG 5 year Consolidated Plan and the Council approved 2009 Action Plan.

Subject: Hotel & Motel tax Ordinances

Burt,

We received a call from one of our motel operators ([REDACTED]) questioning the imposition of our tax to residents who stayed at least 30 days. A customer of his motel indicated that they had stayed in motels in other communities for the 30 days and hadn't been charged the tax. I checked with a number of other Illinois city motel/hotel tax ordinances and found the exclusion in those ordinances.

I then checked Title 86, Section 480.101 - 480.105 of the Illinois Department of Revenue regulations and found the exclusion for permanent residents (at least 30 days). Sue provided me with Pekin's ordinances 2052, 2272 and 2398 and I did not see any exclusion for the permanent stays.

I would ask that you check your files and see if we need to amend the ordinances for this exclusion.

Jim

ORDINANCE NO. 2583-09/10

AN ORDINANCE AMENDING CHAPTER 2, SECTION 3-2-6 OF THE CODE OF THE CITY OF PEKIN 1995 REGARDING HOTEL/MOTEL USE TAX

WHEREAS, the Code of the City of Pekin 1995 was adopted on April 10, 1995, and duly published in book form; and

WHEREAS, the City of Pekin is a home rule municipality as described in Section 6(a), Article VII of the 1970 Constitution of the State of Illinois, and as such may exercise any power and function pertaining to its government and its affairs; and

WHEREAS, the Planning Committee of the City of Pekin has recommended certain changes in the Hotel/Motel Use Tax; and

WHEREAS, the City Council has determined that it is in the best interests of the City to amend the City Code regarding said tax.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF PEKIN, TAZEWELL COUNTY, ILLINOIS, in the exercise of its home rule powers, as follows:

That Chapter 2, Section 3-2-6B(i), being the Hotel/Motel Use Tax section be amended by the addition of the following sentence:

"The tax shall not be levied and imposed upon any person that rents a hotel or motel room for use by the same natural person or persons for more than 30 consecutive days, the tax imposed herein applicable to the first 30 days of a hotel or motel room rental which extends beyond 30 days. Upon the 31st consecutive day of rental, the renter is due a refund or credit from the tax

collector for the 30 consecutive days of tax paid. Persons engaged in the business of renting, leasing or letting rooms in a hotel only to permanent residents are exempt from the provisions of this article."

BE IT FURTHER ORDAINED that all other parts of the Code of the City of Pekin 1995 as amended except as modified herein are hereby reaffirmed and ratified and are in full force and effect.

BE IT FURTHER ORDAINED that all Ordinances or parts of ordinances in conflict herewith are hereby repealed.

BE IT FURTHER ORDAINED that this Ordinance shall be in full force and effect upon its passage and approval and publication as required by law.

Overnight Visitors Grant

The McNaughton Park Trail Runs are being held April 10-12, 2009. The athletes come from nationwide to test their endurance in Pekin, IL. I've requested a e-mail from everyone staying in a hotel and although this list isn't complete I think it's a good start. I would be glad to add the additional hotel rooms as the e-mails come in.

I have saved all the e-mails and e-mail addresses of the athletes staying in town and will gladly share that info with you if you'd like to see it. I also have their contact info if you'd like. I wound up staying in Morton for three nights as the manager gave me a room for free because so many guests were staying there. I push Pekin the most I can but none of the hotels would give me a great rate. I found one in Morton that guaranteed \$39 per night for racers and they had 32 rooms for Friday night. I think they had 46 rooms all together including Saturday night plus the room they gave me for free for three nights.

The athletes are using 141 rooms in Pekin for the weekend.

REQUEST FOR COUNCIL ACTION

To: Mayor/ Council

CC: City Manager/ City Clerk

From: Code Enforcement Officer, Ronald W. Sieh

AGENDA ITEM: Lighting Upgrade Grant for Public Safety Buildings from Illinois Clean Energy Community Foundation in the amount of \$14,560.00

AGENDA DATE REQUESTED: May 11, 2009

ACTION REQUESTED: Accept grant to upgrade lighting in Public Safety Buildings and expend additional money to complete the lighting upgrade project that is the matching portion of the grant.

BACKGROUND: The Illinois Clean Energy foundation, with support of the Illinois Municipal League, encouraged all municipalities that operate public safety buildings to upgrade their facilities to energy efficient lighting to save energy, cut operating costs and improve indoor lighting quality.

The grant is to fund energy saving upgrades to lamps, ballasts and/or controls to existing indoor lighting systems.

Lighting upgrades bring improved lighting quality for public safety employees and visitors while decreasing operating and maintenance expenses. The lighting upgrades save energy in the future, help create a cleaner Illinois community, and serve as an energy efficiency model from which the community can learn.

FINANCIAL IMPACT: The City would have to spend \$24,848.00 along with the lighting grant to upgrade the 5 facilities that were submitted as part of the upgrade.

NEIGHBORHOOD CONCERNS: None

IMPACT IF APPROVED: Payback would be from 9 months up to 2 years.

IMPACT IF DENIED: Keep sending Ameren Cilco the big monthly check instead of the reduced amount due to the upgrade.

ALTERNATIVES: Keep the lights off.

RELATIONSHIP TO THE CONCEPTUAL PLANNING PROCESS: Effective Government, Prosperous Community, Strong foundation

RE: Lighting Upgrade Grant

The vast majority of the City of Pekin tax dollars are dedicated to public safety, leaving little or no funds for maintaining existing facilities. In an effort to decrease the operational side of the budget and maintain existing buildings for a longer period of time rather than ignoring problems at the facilities, the City is researching options on how to cut costs and still maintain the exceptional public safety sector of our community. The City is also trying to find a balance between maintaining the scale and character of the town and keep pressure off residential taxation by exploring grants opportunities to help upgrade the facilities and provide much needed resources in these tough economic times along with the future savings for many years to come from the lighting upgrades due to the lower cost to operate.

The City of Pekin would pay for their portion of the lighting upgrade project costs through building maintenance/ improvement line item in the operational portion of the FY 2010 budget year that starts May 1, 2009.

The City of Pekin feels that the upgrade not only reduces our carbon footprint on the environment by upgrading the lighting, but it also saves the City taxpayers money in these hard economic times due to the lower cost of operating the new lighting systems the City can keep the citizens taxes as low as possible.

The City of Pekin has already contracted the energy audit and received the results, which are included in the packet for the proposed grant. The work would not start until the funding for the new fiscal year is available May 1st and should be completed by July 1, 2009.

The City of Pekin plans on educating the employees about the upgrade by posting signs at all buildings as a reminder to shut off lights and electronics when not in use. Also, the City will include public service announcements on the government access channel and website about the benefits of reducing everyone's carbon footprint and the minimal cost of doing so by just changing incandescent light bulbs in the households to the new energy efficient compact fluorescent bulbs. The audit did not include occupancy sensors, timers or dimmers, but with the savings from the new proposed lighting the City is planning on reinvesting the savings into the rest of the buildings and the controls that were not included in the Lighting Upgrade Grant for Public Safety Buildings with more efficient lighting and controls.

Pekin, IL 61554

Dear Mr. Sieh:

We are very pleased to inform you that the Illinois Clean Energy Community Foundation has approved a grant of \$14,560 to the City of Pekin for energy efficient upgrades to indoor lighting systems in your facilities.

Thank you for your leadership in demonstrating the value of investing in energy efficiency for your community: enhancing lighting quality, saving money, and improving the environment.

The enclosed grant agreement defines the terms and conditions of the grant. Two copies are provided.

To accept the grant, please review, sign and return one complete copy of the grant agreement to the Foundation as soon as possible, and no later than one month from today.

On behalf of the Foundation's Board of Trustees and staff, we would like to extend our best wishes for the success of this project.

Sincerely,

James E. Mann
Executive Director

Re: **Request ID: 4949**
Lighting Upgrade

Dear Mr. Sieh:

The Illinois Clean Energy Community Foundation ("the Foundation") is awarding a grant of \$14,560 to the City of Pekin ("the Grantee") for the above-referenced project.

This letter defines the terms and conditions of the grant and constitutes the grant agreement ("the Agreement") between the Foundation and the Grantee. Please read it carefully. If the Grantee agrees to the terms and conditions in the agreement, please return one complete counter-signed copy of the Agreement no later than two months from the date of this agreement. Contact the Foundation if you have any questions.

Duration and Payment of Grant

This grant is to be used during the period May 1, 2009 through April 30, 2010 (the "Grant Period"). Upon satisfactory completion of the Project as defined herein, the Foundation will make a single payment to the Grantee based on the number of kilowatts of electricity demand reduced as a result of the Project as completed, but not more than \$14,560 or the total resulting cost of the project. If the resulting wattage reduction is less than 0.00 kilowatts, as estimated in the application materials submitted to the Foundation by the Grantee, the amount of the grant may be reduced on a pro-rated basis to reflect the actual reduction. The grant amount will not be increased in the event that the Project yields a greater wattage reduction than estimated in the grant application.

The Foundation reserves the right to suspend, modify or cancel any payments that might otherwise be due under this grant, to require a refund of any unexpended grant funds or both, if:

1. such action is necessary to comply with any applicable law or regulation;
2. the Grantee has used the grant funds for purposes other than as described in the Agreement or otherwise violated any part of the Agreement; and/or
3. the Grantee's performance under the grant has not been satisfactory.

The Foundation's judgment on these matters will be final and binding.

Purpose and Use of Grant

This grant is for the Lighting Upgrade (the "Project") described in the Project proposal and budget submitted to the Foundation by the Grantee and dated March 18, 2009. The Grantee confirms that this grant will be used solely for the specific tax-exempt purposes described in the Project proposal and budget and no substantial variance will be made without the Foundation's prior written approval.

The Grantee also confirms that the Project is under its complete control and that it has and will exercise control over the process of selecting any vendors, contractors or consultants involved in the Project. The Grantee and the Foundation are not partners or joint venturers with respect to each other.

Furthermore, the Grantee agrees that funds from this grant will be used exclusively for tax exempt purposes as described in Section 501(c) (3) of the Internal Revenue Code and will not be used for any activities prohibited by law, including, without limitation, attempting to influence legislation or participating in any political campaign on behalf of any candidate for public office. The Grantee agrees that it and its employees, agents and sub-contractors will comply with all applicable federal, state, county and local laws, ordinances, regulations and codes in the performance of the Grantee's obligations under this Agreement.

Reporting Requirements

Upon completion of the Project to the Grantee's satisfaction, the Grantee shall provide the Foundation with the various documents identified in Exhibit A attached hereto (the "Grantee Documents Required for Payment"). Promptly upon the Foundation's receipt of the Grantee Documents Required for Payment in form and substance satisfactory to the Foundation, the Foundation will send to the Grantee a check in the amount specified in the Duration and Payment of Grant section of this Agreement.

Publicity

The Foundation believes it is important that many organizations and individuals in Illinois learn about the Project and the ways it benefits the public. Accordingly, the Foundation strongly encourages the Grantee to publicize the receipt of this grant and the results of the Project.

The Grantee agrees to share with the Foundation a draft of any press release or public announcement of the grant prior to distributing the release or announcement and to provide the Foundation with clippings of resulting media coverage.

The Grantee also agrees to allow the Foundation to publicize the Grantee as a grant recipient and to use the name and description of the Project and photographs or other audiovisual representations of subjects related to the Project.

Maintenance of Records and Evaluation

The Grantee is responsible for maintaining adequate financial records regarding use of the grant funds, consistent with generally accepted accounting principles.

The Grantee agrees to cooperate fully in any evaluation of this grant and/or the Project that the Foundation may conduct. Such an evaluation may include a visit from Foundation staff or consultants, interviews with Project participants, a review of financial and other records about the Project maintained by the Grantee and/or similar investigative activities.

Confirmation of Tax-Exempt Status and Good Standing

The Grantee confirms that it is currently a unit of government or a nonprofit organization exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and is not a private foundation under Section 509(a) of the Internal Revenue Code. **If the Grantee is not a unit of government, it agrees to submit with the signed Agreement written evidence of its tax-exempt, non-private foundation status if it has not previously provided such evidence to the Foundation.**

The Grantee further confirms that it is currently in good standing with appropriate state government agencies. If requested by the Foundation, the Grantee agrees to provide written evidence of its good standing.

If there is any change in the Grantee's tax exempt status or good standing during this grant, the Grantee agrees to immediately notify the Foundation of that change.

The Grantee's Primary Contact at the Foundation

Please direct all questions and correspondence regarding this grant, including all required reports, to Bob Romo, who may be reached by mail at the Foundation's office, by telephone at (312) 372-5191 or by e-mail at bromo@illinoiscleanenergy.org.

Acceptance of Terms and Conditions of Agreement

If the Grantee agrees to the terms and conditions in the Agreement, please return to the Foundation one complete copy of this letter signed by an authorized representative of the Grantee in the space provided below. For future reference, please retain a copy of the Agreement in your files. This grant award may be withdrawn if the Foundation has not received a counter-signed copy of the Agreement within one month from the date of this letter.

Sincerely,

James E. Mann
Executive Director

Attachment: Exhibit A – Grantee Documents Required for Payment

The Grantee acknowledges that relevant organization executives and Project personnel have read and understand the Agreement, that its terms and conditions are acceptable to the Grantee and that the Grantee will comply with those terms and conditions.

DOCUMENTS REQUIRED IMMEDIATELY

To accept the grant offered by the Foundation, the Grantee must return one complete, counter-signed copy of the Grant Agreement within one month from the date of this letter. Please keep the second copy of the Agreement for your records.

DOCUMENTS REQUIRED UPON PROJECT COMPLETION

Upon completion of the Lighting Upgrade Project to the Grantee's satisfaction, the Grantee must send the Foundation a signed letter on organization letterhead that:

1. confirms the Grantee's acceptance of the Project system hardware and installation as complete and satisfactory;
2. requests that the grant be paid, specifying the exact amount requested; and
3. briefly reports on any educational efforts used to inform facility users or the general public about the benefits of the energy efficient lighting upgrade.

As attachments to that letter, the Grantee must provide the following documentation:

4. a detailed **updated** list of the quantity(ies) and type(s) of all indoor lighting equipment removed and new/retrofit systems installed as part of the Project; (see notes below)
5. a copy of the final itemized invoice(s) from and/or check(s) issued to all vendors involved in the Project, showing amounts already paid and amounts still owed; this may also include a summary of the hours and total costs of any in-house labor used to complete the Project; in sum, these documents should reflect the total resulting cost of the Project *for each facility upgraded*; and
6. a summary **updated** calculation of the electricity demand reduction, in watts or kilowatts, resulting from the Project, as completed, *for each facility upgraded*. (see notes below)

(Notes:

- a. The wattage savings due to work that is not eligible to be supported with this grant, such as upgrades to outdoor fixtures or the replacement of incandescent bulbs with "screw-in" compact fluorescent bulbs, should NOT be included in this calculation).
- b. Regarding documentation requirements #4 and #6; updated information reflecting actual lighting upgrade work performed and corresponding reduction in watts or kilowatts must be provided. A copy of documentation provided with the original funding application will not be accepted as evidence of compliance with these requirements.

Legal name of organization applying for grant: City of Pekin

Primary contact at organization regarding this grant request:

Name: Ronald W. Sieh Title: Code Enforcement Officer
Address: 111 S. Capitol Street
City: Pekin Zip Code: 61554 County: Tazewell
Phone: (309) 477-2315 Fax: (309) 346-2095 E-mail: Rsieh@ci.pekin.il.us

Total estimated electricity demand reduction from lighting upgrade project: 29.12

The grant amount will be based on the permanent demand reduction resulting from the upgrade (taken to two decimal places) based on ANSI rated ballast system wattages. **It is very important that this figure be expressed in kilowatts (kW) or Watts, *not* kilowatt hours (kWh).** This estimate should match the total demand reduction shown on attachment described below.

Amount of grant being requested from ICECF to complete lighting upgrade 14560

Please see specific lighting program brochures for incentive levels and associated maximum caps.

Attachments that **must** accompany this application form for it to be complete:

- ① A list of the exact number of each type of lighting fixture to be upgraded, showing the rated wattage of each fixture type currently and the wattage of each fixture type after the upgrade has been completed. While this list may be generated through a lighting or energy efficiency audit, neither type of audit is required to apply for a grant through this program. Please note that the installation of screw-in compact fluorescent lamps is *not* an eligible permanent upgrade.
- ② A cover letter on organization letterhead that is signed by an authorized representative of the organization and includes the following information:
 - an explanation of how the organization would pay for the portion of the lighting upgrade project costs **not covered** by the requested grant, if any;
 - an explanation of the need for the lighting upgrade;
 - the estimated timeline for completing the lighting upgrade;
 - a description of planned educational efforts to inform facility users and/or the general public in your community about the lighting upgrade and the benefits of energy efficiency; and
 - a description of how the cost savings will be used that result from the lighting upgrade.
- ③ An IRS charitable tax determination letter if the organization applying for the grant is not a public agency. If Legal Name (above) and organization name on IRS letter are not the same, explain the relationship between them.

The undersigned authorized representative hereby certifies that (a) s/he has received, read and understood the Foundation's brochure laying out the guidelines for the specific lighting grant program through which funding is being requested (b) the information set forth in this application and supporting documents is correct to the best of his/her knowledge, and (c) the Internal Revenue Service determination of tax-exempt status has not been revoked, canceled, or modified.
