New Business:

1. Parking – Prince St. between S. 7th St. and S. 8th St.

There was discussion of this location regarding snowplows and fire trucks to be able to maneuver through this curve when vehicles are parked on the street. After discussion of this item, Brett made a motion for no parking on the south side of Prince St. from the east entrance to the apartments located at 740 Prince St. to S. 8th St. Trent seconded the motion. All in favor.

2. Truck Traffic – S. Second St. near Hanna Dr.

This item was brought to the committee by a citizen concerned with semi trucks backed up onto S. Second St. (Route 29) in the area of Hanna Dr. It was noted that this route is temporarily in place for semi trucks as the detour due to the Front Street road construction project. It has been determined to be the most viable option for traffic safety. It was noted that there are alternate route options for other vehicles to utilize during this detour. It was further noted that there have been no crashes as a result of the semi trucks being in that area. After discussion Trent made a motion to leave this area as is at this time. Jeff seconded the motion. All in favor.
