New Business:

1. Stop Sign Request – Intersection of Cordova Ct. and Sierra Dr.

This item was brought to the committee by a citizen who lives on Cordova Ct. He indicated that it is difficult to see what is coming up the hill on Sierra Dr. when turning in or out of Cordova Ct. The members of the committee went out and reviewed this location and after discussion determined that line of sight in this location is adequate. There have been no crashes in this location over the past 5 years. Motion by Brett to leave this area as is. Seconded by Jeff. All in favor.

2. Speed of Traffic – N. 3rd St. in the area of Charlotte St.

This item was brought to the committee by a citizen who lives in the 200 Block of Charlotte St. She indicated that the speed of traffic has increased in this area. This had been addressed in 2019 and traffic speed decreased with placement of the Speed Spy and enhanced patrols. After discussion, motion by Jeff to have City Engineer look into this area further for an alternate solution. Seconded by Brett. All in favor. Enforcement will be stepped up in this location. This will be discussed further at the next meeting.

Around the Table

No discussion.
